HOSPITAL HELIPORT BECOMES OPERATIONAL – The new heliport at Tahoe Forest Hospital was officially dedicated Wednesday with an inaugural flight by ambulance helicopter; on hand to assist emergency personnel with airborne stretcher were Gordon D. Moyer, left, president of hospital board, and Zeph D. Rose, president of airport district board. —Sun Photo.

Blue Canyon Airport Plan Approved By Legislature

Assemblyman Gene Chappie (R–Cool) today said that his budget item providing for $125,–104 for the improvement of the Blue Canyon Airport at Emigrant Gap was approved by the legislature and included in the budget which was signed into law by the Governor.

"Most interesting," continued Chappie, "is the fact that the Blue Canyon Airport is the only state–owned airport in California." "Built in the 1940's, as an emergency landing strip for military aircraft, the airport has been used since that time by private aircraft as an emergency landing field. Lately, however, the airport has deteriorated to a point where two years ago thoughts were given to completely abandoning it by the California Division of Aeronautics."

"Thanks are certainly in order to Stew Wells of Nyack who has been maintaining the airport by himself for the past 15 years. For the past few years Wells has been working with former State Senator Paul Lunardi and myself to get funding for the airport so it could be put back in operation."

"I am sure," concluded Chappie, "when the field is brought up to standard that recreationists such as hunters and fishermen will take advantage of the field — this being a real boon to Placer County."

Pay Raise Sought For Justices

The supervisors filed with little comment Tuesday a grand jury recommendation that Nevada county's justice judges receive raises of $200 a month.

The grand jury recommended pay of $850 for each of the three judges (Grass Valley, Nevada City and Truckee).

They are paid $650 monthly now, and Supervisor Lou Hartman said after the meeting the justices' pay went to $550 in 1965 to $600 in 1966 to the present $650.

The board filed the pay raise proposal presumably until final budget sessions in August.

There was one good word for the judges from Supervisor William Thomas who said "I am sympathetic" with the recommendation.

The grand jury's resolution was accompanied by a persoanl letter to the board from foreman Leroy Geist. Geist said he supports the raise on the grounds that present salaries are "insufficient for the quality of duties which these men are required to perform or for their responsibility" and because of "greatly expanded workload in the last eight years."

Horseless Carriages Will Tour Lake Area

Thirty–five ancient vehicles, all of them vintage prior to 1922 are scheduled to take part in a Lake Tahoe tour sponsored by the North Shore Club and Hotel on July 12, 13 and 14, marking the 20th anniversary of the organization of the Horseless Carriage Association of the Northern California Region.

The ancient cars, coming from all parts of the state, will assemble at the club's parking lot on July 12 and on the 13th and 14th will make a tour of the lake with stops scheduled at the Ponderosa Ranch at Incline Village, the Sunnyside Lodge near Tahoe City and at the River Ranch on the Truckee River.

President of the association, Clarence Hagemann, will head the group and co–chairmen are James Grubbs and Edward Easter.

Awards will be made to the best Model T Ford, the best post–1915 and the best pre–1916 models, to the best–dressed couple participating, and to the driver having the most trouble on the tour. Tour plaques will be issued to all 35 drivers.

The club was formed in 1948 and embraces drivers from age 20 through the 80's, the latter, whose name was not immediately learned, will be driving a 1915 Pierce Arrow. Also included in the list will be a 1919 Moline, the only one still in existance and owned by Phil Andrews.

The vehicles will be on display at the North Shore Club throughout their stay.

AIRBURST OVER DONNER LAKE

Woman Killed In Accident Near Truckee

Mrs. Xenia B. Merdinian, 50, Los Altos, was killed when a car driven by her husband, George K. Merdinian, 46, skidded on a rainslick portion of Interstate 80 a mile west of the Truckee quarantine station and overturned in the divider strip at 4 p.m. Sunday.

Winifred Broberg, 21, San Francisco, a passenger in the rear seat of the vehicle suffered critical injuries and was taken to the Tahoe Forest Hospital. The driver was only slightly injured, the California Highway Patrol reported.

Fire Destroys Joseph Home At Hirschdale

Fire believed to have started from an electric generator at 6:30 p.m. Monday completely destroyed a furnished house and a tool shed as well as other miscellaneous items at the Richard Joseph fish pond just east of Hirschdale on Interstate 80.

Scores of volunteers as well as suppression crews from the forest service prevented the flames from spreading to nearby forest lands.

A borate plane was summoned but did not drop its retardent because of the close proximity to the highway and the danger of spraying passing vehicles.

Joseph said the loss would exceed $10,000. The caretaker at the place said the generator seemed to explode and he could not save anything in the house.

WOW! LOOK AT THAT ONE! – Fireworks displays at Tahoe City and Donner Lake over Fourth of July weekend attracted thousands of people; this enthralled group is from Arbutus Camp for Boys at Tahoma, watching Tahoe City display; Donner Lake crowd was treated to boat parade preceeding fireworks. —Sun Photo.

One Man's Opinion

By CARL BRIGGS

Violence of one kind or another is very much with us these days, the mass media concerning itself with little else—and in fact, there seems at times to be little else going on.

We live every day with the violence of war, the violence of racial hatred, of street rioting, of assassination, of civil crime. Our radios, television sets and newspapers won't let us forget it.

Questions often heard, often voiced in our painful soul–searching, are, "Where will it all end . . . when does it stop . . . what can we do . . . where do we draw the line? . ."

And we are quick to place blame.

Perhaps the place to end violence is where it began, the place to stop it is where it started. That probably happened when a cave man conked his neighbor with a rock.

We are still conking our neighbors with rocks, both literally and figuratively. There is a family at Tahoe City that has been the target of rocks at least twice in the past few weeks. Property damage was done and serious personal injury to a mother of two small children was narrowly missed. And they are being subjected to other annoying harassments.

It just might be that a place to begin is here at home, that the time to begin is now, that the way to begin is to end personal prejudices and stop throwing rocks at our neighbors.

You and I don't riot in the streets, true, and we don't shoot people, or discriminate, or throw rocks. But we live in a society that tolerates these things, and you and I tolerate the society.

* * *

Fourth of July weekend was filled with good things happening, with community spirit, and with flatlanders filling our streets and towns and accommodations to enjoy the things we had to offer.

The big Optimist Carnival at Tahoe City was a huge success. The Volunteer Fire Department's aerial display of fireworks was a suitably loud and colorful nocturnal show witnessed and certainly enjoyed by untold thousands of people lining the entire north shore of Lake Tahoe.

Donner Lake was the scene of a repeat performance Saturday night, with an interesting and entertaining boat parade followed by a fireworks display presented by local Jaycees, chamber of commerce, Lions Club, and recreation district.

Add to all that our normal attractions — fishing, boating, gaming, the air and the scenery and the history — and it's no wonder they come. Where else could they go?

FIRST LANDING – Initial flight onto hospital pad was made by this Fairchild–Hiller FH–1100 factory demonstrator flown in through cooperation of Lake Tahoe Helicopters, Inc. —Sun Photo.

Board Opposes Open Meeting Amendment

An amendment to California's open meeting law which would extend it to all local government advisor bodies and committees was opposed by the Nevada County Board of Supervisors last week.

The board agreed with County Counsel Leo Todd that the proposed amendment would be "ridiculous" in that a department head might not be allowed to meet in the hall or in his office with a supervisor to discuss a problem.

The supervisors sent copies of their opposition to the State Senate, which is deliberating the amendment now.

During discussion, Joe Bigham, managing editor of The Union, told the board the intent of the amendment as he understands it, is to bring agencies such as planning and airport commissions under the Brown Act rules.

The Brown Act requires open meetings of local legislative bodies except for hiring and firing of personnel or on matters of national security. Courts have also allowed local bodies to hold executive (closed) sessions on matters of pending litigation.

After the vote, Supervisor William Thomas contended that the Brown Act provisions can hinder functioning of local governments if supervisors cannot be free to administer county departments during the regular work week. He contended there is a "better Way," indicating the press should criticize public officials who keep the business from the public.

Bigham replied that the Brown Act is needed to keep public bodies from hiding public business from the public. He said he has not encountered a problem with the Nevada county supervisors holding illegal or questionable executive sessions, but has seen this practice abused in other parts of California.

He agreed that the press can use persuasion and exposure in trying to convince public bodies to keep their business public. However, the Brown Act gives the press and public recourse through the courts if a dispute cannot be settled. Bigham contended.

Big Barbecue Sunday For Rainbow Girls

Hope Assembly 18, Order of Rainbow for Girls, Truckee, will hold a barbecue Sunday, July 14, at the picnic area in Donner Memorial State Park.

Pit–barbecued roast beef will be the specialty, served from 2 to 4 p.m. There will also be a desert–and–soda–pop booth.

Tickets are $1.75 for adults and $1 for children, and may be purchased from any Rainbow Girl or at the picnic.

Merchants Meet

Next meeting of the Truckee Downtown Merchants Association will be Monday, July 15, 7:30 p.m., in the Truckee firehouse. All Truckee merchants and businessmen are urged to attend.

Think Tank

Nevada County Health Department advised local residents that summer is a good time to think of the usually forgotten septic tank system. Accumulated solids should be pumped from septic tanks every 3–1/2 years to 5 years, depending on usage. If solids are not removed periodically, they will overflow the tank, into the leaching system, and seal it off, which calls for expensive repairs.

Contrary to popular belief, household bleaches and cleansers are not harmful to septic systems, because of the large dilution by water in the tank.

Greases and oils are actually the cause of more problems and should not be poured down the household drains.

Tahoe Agency Funds To Get Axe

Local residents may have to bear the entire cost for the California portion of the proposed joint California–Nevada Planning Agency, according to State Sen. Stephen P. Teale, D–Railroad Flat.

Teale has said that Gov. Reagan had told him he would "blue pencil" the $140,000 appropriation necessary to finance the California part of the joint agency. The appropriations form part of Assembly Bill 1033.

Teale, who sponsored the bill, feels that Reagan is in favor of the measure but that he wants local agencies to finance the programs.

Reagan has vetoed other appropriations on the grounds the key general fund can't afford the expenditure.

Of the proposed monies, $110,000 is earmarked for the Tahoe Regional Planning Agency and $30,000 for the California Tahoe Regional Planning agency. Both now are without funds.

A Nevada official states that Reagan might be in favor of financing the program on a split basis, half the monies from the state and half from local agencies.

Teale said, "The state placed the program on the local people at Tahoe and it should pay for it."

Nevada State Sen. Coe Swobe, R–Reno, sponsor of the Nevada portion of the bill, said Nevada has already appropriated monies for the next two years for the project on a local and state cost–sharing basis, and he hopes the matter is settled soon so the two states can go to Congress for ratification.

Little League Seniors Begin District Play

The Senior Little League All Stars, represented by players from Truckee, Tahoe City, and Kings Beach, will play Roseville at Rocklin on Sunday, July 15, to start the district playoffs. The game will commence at 6 p.m.

Team members are Eddie Lloyd, Chuck Pennino, Greg Jones, Mark Wood, Sandy Leininger, Keeth Paulus, Harold Silva, Rick Purser, Rick Decker, Tom Allen, Jim Adams, Don Frazier, Jeff Russell, Cal Felte, and Warren Courtly.

Gifts For Library

Incline Branch Library received the following gifts during May and June: National Geographic Magazines from Hildegard Willman; books from Helen Olson and Mr. and Mrs. E.C. Cooley; and a cash gift for purchase of a stapling machine from the Soroptimist Club of Lake Tahoe.

Dedication Of Indian Grinding Rock Historical Monument

The first California State Park preserving the site of a former Indian Community will be dedicated Sunday, July 7, at 2 p.m. Indian Grinding Rock State Historical Monument will be dedicated by Miss Jacqueline Stewart, a descendent of the Northern Miwok tribe that once lived at the site.

Miss Stewart is an honor student at the University of California at Berkeley. She will talk on the history and culture of her tribe.

Senator Stephen P. Teale and Assemblyman Eugene A. Chappie will attend the event. Ray Hunter, Deputy Director of the California Department of Parks and Recreation, will give the dedication message.

The park is approximately 1.5 miles north of State Highway 88 on a county road connecting Pine Grove with Volcano. Pine and oak trees, open areas, and a prominent limestone outcropping are features of the 40–acre park which lies in the Sierra Nevada foothills. The limestone is the main feature. On its surface are 1,185 holes or mortar cups where Miss Stewart's ancestors ground their corn and acorns. There are also 363 petroglyph designs scratched or chiseled on the 7,700–square–foot surface of the rock.

Archeologists estimate six tons of limestone were ground out of the mortar cups. The rock shows the largest single aggregation of mortars at one site in California.

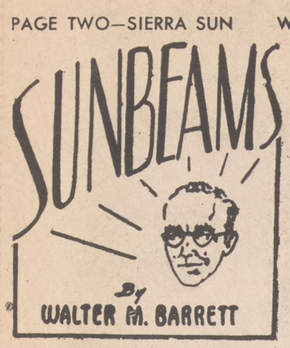
The dedication ceremonies will be held at the grinding rock, a short distance from the monument's parking lot. Students from the Preston School of Industry at Ione will play selected band music, and traditional Miwok dances and songs will be performed by the California Indian Dance and Cultural Group.

At the entrance to the monument is the sign, "Tco'se State Historical Monument." "Tco'se" is "grinding rock" in Indian. The red lettering and charcoal background of the sign represent the Miwok's ceremonial colors.

In addition to the mortars and petroglyph designs, there are three dump sites called "middens." An inspection of the middens uncovered beads of animal and human teeth, soapstones used for cooking, acorn crackers (hammer stones), and other artifacts.

Many members of the Miwok tribe live in the surrounding mountains or at the Tuolumne Rancheria, 15 miles from the monument.

The monument has 21 sites for picnicking or overnight camping.



We have heard considerable discussion recently as to whether or not 18-year-olds should be permitted to vote. The principal argument in favor of the issue is that at 18 boys are eligible for the armed services and are subject to the rigors of war and face death for a country in which they have no voice.

This is true and we believe unfair.

However, our suggestion would be that until these boys are old enough to vote at 21, they be eliminated from the draft.

– – –

Apparently, vehicle accidents are becoming so frequent and commonplace, that they are not reported unless they are very unusual or a fatality is involved.

Many mishaps, in which people are seriously injured and spend days or even weeks in a hospital and property damage runs into the thousands of dollars, go unreported and are passed over without comment.

In our opinion, every accident should be publicly reported, not alone as a matter of news, but to serve as a warning to those who do not realize the dangers they face on the highways.

– – –

The installation of a heliport within a few feet of the emergency room at the Tahoe Forest Hospital provides this region with a very important facility.

Occasionally, a person is injured while frequenting the back country and the use of a helicopter provides the fastest and often the only way the patient can be moved to medical care.

With the heliport available and hospital staff alerted, lives may be saved through this modern method.

Motor Vehicle Tax Shares To North Shore Counties

California's cities and counties shared $188 million in motor vehicle license fees during the 1967-68 fiscal year, State Controller Houston I. Flournoy announced today.

The money, which may be used by the cities and counties for general public purposes, takes the place of local property taxes of vehicles.

Half of the $188 million was distributed among California's 401 incorporated cities, with the other half going to the 58 counties – all on a population basis.

The allocation now amounts to $6.37 for each city resident and $4.97 for each county resident, Flournoy said.

The money is distributed by the State in three payments – one in December, a second (advance payment) in April, and the third and final in June.

The June payment totaled $44.8 million, Flournoy said, with Nevada County's share $23,619.90, and Placer County's share $81,214.21.

Cigarette Tax Disbursement

State Controller Houston I. Flournoy today announced the distribution of $6,815,579 to counties and cities as the June apportionment of cigarette tax.

Nevada County's share was $2,671.03, and Placer County's share was $5,992.26.

This amount represents 30 percent of the revenue deposited in the Cigarette Tax fund during the month of May, 1968.

Correction

A report in the Sierra Sun of June 26 erroneously stated that Mr. Carroll Melvin Holt of Incline Village had been arrested and charged with discharging a firearm in an inhabited area and disturbing the peace.

The Sun has subsequently learned that Mr. Holt was not placed under arrest or charged with any violation. The Sun is pleased to correct the error and apologizes to Mr. Holt for any embarrassment.

Vehicle Registration

Ninety-seven million vehicles were registered in the United States during 1967, reports the National Automobile Club, a gain of more than three million over 1966.

Included in this total registration were 80,458,317 automobiles, 337,197 buses, and 16,193,618 trucks.

First Ladies Invited To Fashion Show

Mrs. Nancy Reagan and Mrs. Jackie Laxalt, wives of the Governors of California and Nevada have received invitations to attend the annual fashion show of the North Tahoe Women's Club being presented at the North Shore Club at noon on Wednesday, July 17.

Betty Scoglund of KOLO TV will be the commentator, assisted by Jeanne Baxter of ATA Travel Service of Sparks. Fashions will be provided by Paradise Fashions, Sax, The Fashion, Lanz Originals, Lester Conklin Furns, and Schillings Luggage, all of Reno.

Miss Nevada, Sharon Davis, and Janice Carr, runner-up to Mrs. Nevada will be among the models.

Mrs. Jerry Cross, past president of the club, is general chairman of the event. Tickets are $5.50 and may be picked up at the door. Reservations may be made in advance by calling the North Shore Club at 831-0622.

Valuable door prizes, donated with proceeds providing scholarships for Tahoe Truckee and Incline High students.

Letters To The Editor

Editor, Sierra Sun:

As you will see from the attached copy of a letter to our planning commission, we are concerned about the deterioration of our area, and feel that we are not getting much help from our county . . .

"Mr. Gibbs, chairman, Placer County Planning Commission,
Dear Mr. Gibbs:

On November 27, 1967, our association appealed the land development permit given by the zoning administrator to a concrete batch plant in Lake Forest. We were unsuccessful in our appeal, but the planning department placed nine conditions on the permit to control operation of the plant, and commissioner Bert Zerbe in his motion to deny our appeal added some conditions of his own.

Some of these conditions are that a six-foot solid fence be built along two sides of the property, a sump be provided for runoff water from washing the trucks, and that the plant be a portable type, about 10 ft. high.

There is no fence, waste water is running onto adjoining property because there is no sump, and the plant is about 20 ft. high. Has Twin States Concrete got a permit to operate, and if so, why are they being allowed to ignore the restrictions? I need not remind you that a great deal of time was devoted by everyone concerned in working out the details of the permit.

We would also like to bring to your attention that in January of this year, Mr. Heikka told us that the Tahoe City Auto Clinic, located across from Bacchi's Inn, was restricted to keeping all vehicles inside. We told him that there was an old Ford with the front wheel off, parked in front and he promised to speak to the operator about it the next time he was up. On April 22, we sent him a formal letter, but got no answer. On May 7 we wrote to William Briner, and received no formal answer. The car is still there, along with many other vehicles.

In the same correspondence with Mr. Heikka, and Mr. Briner we asked whether they were aware of the existence of a fiberglass manufacturing plant in a C1 & 2 zone in Lake Forest. We have received reports that this company has set up molds and has sent sales people as far as Reno and the south shore to try to sell their products over a wide area. No one has answered us on this question either.

An ancient truck has been left for a couple of weeks outside Steve Korich's sheet metal shop in Lake Forest, just off the traveled part of the road, and certainly on the county right-of-way. Also, there is a number of derelict cars and car bodies disposed of in the general area of the concrete batch plant.

The gradual deterioration of Lake Forest has for many years been a joke in Tahoe City, proper. Tourists and local people are avoiding the area.

We are a group of over 50 individual property owners, some local, and some from as far away as Pennsylvania and Hawaii, who are trying to do something to protect a priceless resource, and yet we do not get the courtesy of a reply from our local government. We will even go so far as to state that some of our elected representatives and their staff are not even enforcing their own zoning ordinances.

If we continue to be ignored and discriminated against in favor of other areas of the county, we contemplate taking legal action to enforce the laws equally.

Yours very truly,
John T. Smith, president
Lake Forest Improvement Association"
Monty Huckle,
Secretary-Treasurer
Lake Forest Improvement Association
Tahoe City

* * *

Editor, Sierra Sun:

California has an excellent gun control law; yet Senator Robert F. Kennedy was killed here! In California 46 per cent of all murders are caused by guns, according to the F. B. I. Approximately the same situation exists in New York. Passing more gun control laws is just stupid. Criminals can always buy or steal guns.

The simple obvious way to stop crime is to ban the Supreme Court decisions that eliminated punishment of crime and that have tied the hands of the police.

The federal government should only pass a law making it illegal to ship firearms into a state in violation of the laws of that state. The constitution says the people have the right to bear arms and Congress has no business interfering with this right.

With all the riots and trouble brewing in this country, the people may need firearms very badly in the near future to protect their families and homes!

Editor, Sierra Sun:

Some people in great organizations are never recognized; isn't it a shame.

Thanks to the generosity of volunteering time, effort, thought and T.L.C. (tender loving care), Pat Sutton stepped forward to keep the Girl Scout program in the Truckee-Tahoe area together.

A very successful neighborhood camporee and day camp, help in our local parks was enjoyed by our girls because of Pat and her staff of volunteer leaders, nurses, transportation Mothers, life guards, senior scouts, and last but not least our local park officials.

As mothers of girls belonging to Scouting, we take this opportunity to say thanks to all these people.

Mrs. Kitty Money
Mrs. Maylou Smity
Truckee

Editor, Sierra Sun:

It is with a great deal of amusement that I have observed the Sierra Sun's sudden interest in local politics.

In mid-May, a Candidate Forum was held in Truckee, the first of its kind. The joint committee of the Truckee Elementary PTA and the Donner Area Jaycees asked the Sun to cover this event. We were told that the Sierra Sun "could not get involved in politics."

Press coverage of this event could hardly be considered getting involved in politics. The meeting was set up in a fair and impartial manner to allow all candidates (of all parties) for U. S. Congress, state senator, state assembly, and Nevada County supervisor whose districts include our area to speak and answer questions. It provided a long-needed service to the voters of this area.

Our first news release announcing the Candidates Forum was "lost" between the editor's desk and the final make-up of the paper. The editor himself could not explain the mysterious disappearance of the news copy. The next issue of the Sun did carry an announcement of the Forum, but publication was only two days before the event.

Some of these candidates or their representatives had traveled a long distance to participate in the Forum. A Democratic Congressional candidate drove from Chico; a Republican candidate for state senator drove up from Modesto. The campaign manager of a Republican Congressional candidate had also come from Chico; and the administrative assistant to the incumbent Republican state assemblyman came from Shingle Springs.

These men were incredulous when the local newspaper was not represented at the Forum. They could not believe that any community would deny them the courtesy of press coverage for their efforts to come and make their positions on political issues known to the voters.

Strangely enough, we now find this same newspaper, which refused to cover a non-partisan meeting as a service to the voter, precipitating a political controversy. The Sun's emotional defense of a local district administrator in his apparent difficulties with his board and a segment of the community has compounded this man's problems in his capacity as a public employe. Yet, no representative of the Sun has ever attended a meeting of this agency to ascertain the real facts or the real issues. In addition, the Sun's editor is using the Letters column in a unique rebuttal to each letter that he prints.

Where was the Sun when the elected directors of another local agency recently decided to increase their monthly stipend to fifty dollars apiece? Why did we discover this through a legal advertisement instead of a news article before the action was taken?

Any newspaper worthy of the title has a responsibility to keep the public informed on matters of public business. I suggest that the Sun has an obligation to this community to send a member of the press to cover meetings of the numerous local public agencies that serve us, and to accurately report developments within these agencies, instead of relying on news releases, personal opinions, and hearsay. I would also suggest that the promotion of selected local civic events is not nearly as important to the economic, social, and political health of this community as the accurate coverage of the public business conducted by local governmental agencies.

Pat Sutton
Truckee

(Editor's Note: The Sierra Sun is a weekly newspaper serving three counties in two states and an area of some 100 or so square miles. Space requirements preclude publishing campaign material distributed by political candidates beyond basic statements of platform of local incumbents and challengers. The Sun published these statements, along with photographs, twice before the primary election and plans to publish them again before the general election.

Sun advertising space is open to all candidates at a very reasonable cost, and almost without exception was efficiently utilized by area candidates to convey their messages.

Your interpretation of this policy — a policy followed by many newspapers far larger than this weekly — as meaning the Sun "could not get involved in politics" is inaccurate and misleading, and appears to be a "straw man" erected for you to knock down later in your letter.

As with all newspapers, particularly weeklies with minimal staff, the Sun relies on outside news sources, and these sources have proven themselves over the years to be accurate and reliable.

News stories are accepted or rejected on the basis of news value and local interest within the requirements of space, mechanics, and deadlines, and the release concerning the Candidates Forum was given its due consideration. The front-page story and follow-up story accorded the function was perhaps, if anything, more "press coverage" than was justified by its relative news value. If the handful of candidates (only one locally) that appeared for the meeting were "incredulous" at the absence of the press, they must have been dumbfounded when the townspeople didn't show either, including a large portion of the membership in both sponsoring organizations, despite a front-page story.

The editorial discretion that sifts the political puff and hearsay and opinion from news stories, that weighs value and integrity and responsibility, that defends or probes or praises, is the same editorial discretion that accepts and publishes letters to the editor. We would be doing our readers a disservice to allow letter-writers to use Sierra Sun editorial space to exaggerate, mislead, and misinform about the paper without setting the record straight. It is rather incredible that letter-writers do not want to grant the newspaper the same privilege and courtesy of using the editorial space that the paper grants to them.)

A Balance Of Nature

By Ernie Riley

They arrived on the same day last week.

The first group came in the dead of night in unknown numbers and forced its way into the cafe and gas station. They broke open five coin machines, taking the money as well as the cigarettes and candy. To top it off, they broke into the restrooms and removed two mirrors and the lighting fixtures! We were happy to know they were gone.

The second group arrived early that morning in two station wagons—eleven boys and girls, ages six to ten. What a delight to watch them as they listened to our Smokey Bear tell of the forests, animals and birds, and the dangers of fires! We could see how they enjoyed their picnic lunch under the pine trees, smelling the fresh air and wild flowers, and playing with the pine cones. Their young laughter expressed pure happiness as they romped on the bank of the Truckee River, splashing in the cool water.

When they left we were sad, but we were happy to have been a part of a lovely day in the Sierras for these children who are blind.

We feel, by their visit, that we came out way ahead in the "Balance of Nature."

Assembly Bill Limits Right Of Jury Trial

SACRAMENTO – Those determined people who demand and get a jury trial for minor traffic offenses such as overtime parking would lose that right under major legislation overwhelmingly endorsed by the Assembly.

Proponents say the legislation would speed up and improve the judicial process where it really is needed – in major cases – and eliminate thousands of court cases a year which basically amount to harassment of the judicial system.

Opponents say it is the first step toward eroding a basic American right, that of a trial by a citizen's peers in criminal cases.

Proponents had the better of it Sunday, as the Assembly voted 59-13 in favor of the bill, sending it to the Senate for the first time after several years of efforts by backers, including the official legal organization of the courts.

Under the proposal, a new category of wrong doing would be created in the Vehicle Code

Three people, two men and a woman, were sentenced to 25 days in jail by Judge C. E. Smith following their arrest by Sgt. Charles McKeen on a charge of stealing silverware, table cloths and napkins from the California Cafe.

– – –

Truckee panhandlers in the future will be issued a card entitling them to work on the winter sports area for a small payment. They will be instructed to contact C. Edmunds at the TPUD and then report to F. S. Powell, who is supervising the work program. The chamber of commerce has voted $50 to start the relief project for worthy beggers.

– – –

At a ceremony conducted by Rev. Brewster Adams in Reno, Miss Betty Shone and Daryl Gaiennie, a popular young local couple, were married last Saturday.

– – –

The Tahoe National Forest and Lake Tahoe Fire Protection District have jointly purchased a fire truck for additional protection against forest fires which have taken a heavy toll in the lake area.

Donner Home Sale

The sale of the Donner Lake home of Mrs. Hal Gilson to Mr. and Mrs. William Curran was recently reported.

50 Years Ago

Truckee Republican
July 11, 1918

Forest fires covering an extensive area of ground have been furiously burning in the vicinity of Lake Tahoe. All the available local men and many tourists have united their efforts to conquer the sweeping flames fanned by a southeast wind. Several large dwellings, Pomin's resort and others, were at one time threatened. Their destruction was narrowly averted.

– – –

William Gibbs McAddo, national director of railroads, arrived aboard Train No. 6 on July 6 for a few weeks' visit at Lake Tahoe. He spent a few hours at Truckee in the railroad yards before going to the lake. Mrs. McAdoo, daughter of President Wilson, accompanied her husband on his western trip.

– – –

Stanley Tong, well known Truckee man, is seeing service with the A.E.F. in France, a member of the 23rd Engineers, Co. G.

– – –

P. Bokay of the Excelsior mine at Meadow Lake has been working on the road from the mine to Webber Lake during the past week. As far as he went, he has put the road in good condition.

– – –

As we go to press we are advised that there is a serious fire raging in the woods at Hobart Mills, in the wood camp. As far as we can learn, there is between 500 and 1,000 cords of wood burned.

– – –

Eric Day is now located at Camp Kearney and will soon enter the Signal Service.

Nevada County Assessed Valuation Up 11.8

The assessed valuation of Nevada county is almost 12 per cent higher today than it was last July 1, according to County Assor E.A. (Bub) Tobiassen.

Tobiassen released the 1968-69 county assessment rolls for everything except utilities, which are assessed by the state.

The grand total is $61,033,500 for the county – assessed secured and unsecured rolls and aircraft.

That is 11.8 per cent higher than the $54,585,310 assessed valuation announced by the county one year ago today.

It means, Tobiassen said, a $170,000 increase in revenue to the county coffers, assuming the same $2.64 tax rate is levied on each $100 of assessed valuation. If the county supervisors choose to reduce the tax rate, the resulting increase in revenue also will be lowered.

Tobiassen pointed out that all property in Nevada county is being reassessed at 25 per cent of full market value, and the 1968-69 roll is figured on that percentage.

However, not all parcels have yet been reassessed. Unincorporated areas around Nevada City and Grass Valley were reassessed in time for the 1968-69 roll, and the two cities and Truckee area are being reassessed now. Their new valuations will go on next year's assessment roll.

Reappraisals for the new fiscal year included 27,000 acres of timber land which produced an increased assessed valuation of $380,000. This will provide $27,000 additional revenue to the county this year, Tobiassen said.

Timber reappraisal and cruising is scheduled for completion by next July. State law requires that all property in the county be assessed at 25 per cent of market value by July 1, 1969.

Tobiassen's figures show the secured roll (land and improvements) totals $57,859,770, an increase of 12.3 per cent from last year.

The unsecured roll (inventories and personal property of renters) totals $2.8 million, a 4.1 per cent increase.

Aircraft located in the county are assessed at $365,000, actually a decrease of $650.

Exemptions for veterans, private schools, churches and the like totaled $1,083,250.

The bulk of Nevada county's assessed valuation lies in the unincorporated area, which has a total of $48,088,070 on the secured roll.

By contrast, Grass Valley's secured valuation is $6,919,950, and Nevada City's is $2,851,750.

Survey Crew On Interstate 80

A State Highway survey crew will be at work in Auburn along both sides of Interstate 80 for the next four weeks beginning Monday, July 8.

This work is a preliminary for upgrading the freeway to interstate standards in an improvement project scheduled for 1970. One lane will be added in each direction for a distance of two miles.

Chief of the survey party is Dan Sabin of Yuba City.

Marriage Licenses

A Carson City marriage license was issued to Joseph B. Burroughs, 45, Incline Village, Nev., and Caroleta Launt, 35, Kings Beach.

Truckee marriage license included the following:

Gerald Leon Fairchild, 25, Fairview, Pa., and Bonnie Jean Young, 21, San Diego.

Fred Lamar Green, 20, and Susette Fletcher, 19, both of Reno.

Victor Wessman Jensen, Jr., 21, San Mateo, and Reni Lynn Robinson, 20, Reno.

Tona Ray Smith, 27, Truckee, and Donna Jean Vial, 23, Tahoe City.

In Tahoe City a marriage license was issued to Gregory Joseph Moore, 20, and Catherine Connors, 20, both of Tahoe City.

YOU'LL BE SURPRISED at the fascinating items for sale in "Miscellaneous" in the Classified Section. Turn back now.

LAKE ECHOES

BY BETHEL

The Women's Club of North Tahoe has issued special invitations to the wives of the Nevada and California Governors, Jackie Laxalt and Nancy Reagan, to attend their annual fashion show luncheon at the North Shore Club on Wednesday, July 17.

Chairman Gerry Cross has announced the club will give some special prizes, among them a lei made of one hundred dollar bills.

Professional models for the show will include Miss Nevada of 1968, Sharon Davis, and the runner-up for Mrs. Nevada, Janice Carr.

"Champagne Flight to Fashion" will take viewers to Hawaii, South Sea Islands, Australia, Greece, Italy, France, England, Scotland, Ireland, Norway, New York and to Reno. Music will be by John St. John and will be in keeping with the places of visitation.

Wigs, furs and fashions will be coordinated by Jeanne Baxter of ATA Travel Bureau and commentator will be Betty of "Be My Guest." Alice Hall is publicity chairman for the show.

– – –

Arriving from Paris for the summer at their Crystal Bay home is Renee and Norbert Van Buren. Friends will be glad to know of their return as they haven't been at Tahoe for the past couple of years.

– – –

Elaine Weaver and daughter, Kelly, of Boulder, Colorado, visited mother, Virginia Hill at Incline Village last week. The trio went to Santa Barbara to visit Virginia's son, Butch, who is in school there.

– – –

Guests of Virginia Hill over the Fourth of July weekend were Olive Holland, Lloyd Smith and Bethel Van Tassel of Reno.

– – –

Andy Sorensen is now residing at Kings Beach, having sold his resort at Tahoe Vista.

– – –

Audrey and Sam Harrison of Kings Beach entertained her sister and brother-in-law, Heloise and Laurence Feiges of Racine, Wisc., this past month. Later visiting the Harrisons were Audrey's brother and his wife, Norman and Wilda Winter of Evanston, Illinois.

– – –

The George Krouzians of San Francisco have almost completed their new home on the golf course at Kings Beach. They are neighbors of Audrey and Sam Harrison.

– – –

Maxine Polzin of Incline Beach and sister, Dolores Corley and children, Mark and Robert, enjoyed a trip to Southern California. While in that area they visited Disneyland and Marineland, among other places of interest to the children.

– – –

Mr. and Mrs. Roy McNelley of Fresno visited their daughter and son-in-law, Mr. and Mrs. Dean Denton last weekend. The McNelleys were houseguests of Dean's parents, Theresa and Les Denton of Tahoe Vista.

– – –

Happy birthday to Elsie Charrison who will be 82 years of age on July 19. Marjorie Buetow gave a party for her mother to which close friends and members of the family attended. Mrs. Charrison has resided at Kings Beach since 1944 and her late husband was the first judge at Tahoe for many years. He at one time also contributed to the news of the area in the Sierra Sun.

– – –

Lee Aversent, Iris and George Alario of Tahoe Vista attended the opening of The Jets in Reno last week. The Jets are longtime friends and appear frequently at Tahoe.

– – –

Gene and Jeanne Sundquist were visitors to friends and former neighbors at the Highlands and Tahoe Vista from their Utah home this past week.

– – –

Julie Fawcett has been a houseguest of Flo and Ryland Goodspeed at Crystal Bay. Julie came to Tahoe from Brush, Colorado, where she visited relatives via her home in Holland.

Julie enjoyed a reunion with friends, Eleanor and Bill Wright of Crystal Bay whom she hadn't seen for several years.

– – –

Bingo! The Crystal Bay Club is now serving a buffet luncheon every day followed by the most popular game that people play.

– – –

Always on the move—Fred Schultz of Incline Village and his Bonanza Land Co. office are now located at the Lakeview Shopping Center. Same phone number, however.

– – –

The Lake Tahoe Hotel was a beehive of activity Saturday when Lucille Ball and Gary Morton and her children were at luncheon. They have been guests at Tahoe this past week and look forward to a return vacation in the near future.

– – –

Betty and Howard Scoglund of Reno, Martha Bernard of Crystal Bay and Bethel Van Tassel of Reno were among other lunch guests.

– – –

Trudi and Ed Malley held an old-fashioned 4th of July barbecue at their Incline Beach home. A guest list of over 75 friends from the Tahoe-Reno area enjoyed their hospitality.

The Malley's daughter and family, Mary K. and Jack Dooling and daughter, two-year-old Michelle, of San Jose are vacationing at Tahoe this week.

– – –

Marie and Red Gangi entertained the Dick Paulsens and children, Chris, Randy and Jean, and newly-wedded, Mr. and Mrs. James Johnson of Gary, Indiana, to a cocktail party and barbecue last weekend.

James' father was in the Air Force with Red for four years and is now stationed at Idaho Falls Naval Reactor Center.

– – –

Mary Macon of Incline Village has been hospitalized at Washoe Medical Center in Reno where she underwent major surgery. Husband reports she is doing well and hopes to be home soon.

– – –

Pearl Drulius of Kings Beach is now at the Crown Beauty Salon at Kings Beach after being at Incline Village the past several years.

– – –

Frances and Richard Goettsche of Durham and Claire Simpson and her son, Rocky, of Berkeley, are visiting at the home of Flo and Ryland Goodspeed at Crystal Bay.

– – –

Teddy Stevens, appearing at the North Shore Club with John St. John Trio, enplaned to Las Vegas Wednesday to visit with his daughter, Connie, and son, Chuck.

Connie Stevens opened at the Flamingo Hotel in Las Vegas on July 2 and her brother, Chuck Stevens, is musical director of her show.

– – –

Lael Margrave and sister, Mary Phippeny of Kings Beach have returned home after a trip through Colorado, Idaho and a tour of all the parks in that area. Returning home with them is their brother and his wife, Jeffrey and Marguerite Phippeny of Couer d'Alene, Idaho.

Lael's daughter and family, Mary Lucille and Bruce Johnson and daughter, Laura, and Linda Rudd of Sacramento and Mary Phelps of Carmichael were guests over the Fourth of July weekend.

– – –

Mr. and Mrs. Bud Burns are at their Cal Neva Highlands home from their winter home at Fort Lauderdale, Florida.

– – –

Tom Cross, son of Gerry and Lloyd Cross of Incline Village is spending a month with his brother, David, at Buffalo, New York.

– – –

Doris and Lance Hanson of Berkeley are spending the summer at their Tahoe Vista home. Visiting the Hansons from Los Angeles are their grandchildren Wendy and Billy.

– – –

Thanks to Lynn Armstrong for a tour of her Tahoe Racquet Club over the Fourth of July weekend. Tony Trabert, tennis pro, is here; the tennis camp is open for the second season; and the greatly enlarged and beautiful restaurant which is operated by Gloria and Guy Michaels is busy.

Gloria attended a reunion of her high school graduation class at Seattle. On the way home she stopped at Portland where she picked up Nimba, a baby lion which was born June 22. Nimba joins Sidney II, a four-month-old jaguar, at the Michael's home.

Animal lovers can appreciate the thrill it was to play with Sidney II and to bottle feed and hold baby Nimba. Sidney II is very active and playful, loving to chew on anything with which he comes in contact, however he has been declawed. Nimba being a baby is quite content to be held and doze and is truly cuddly.

Friday night Gloria exhibited Nimba and Sidney II by invitation of Charles Mapes in Reno at a showing of films and a talk on Africa.

Students Ask For Opinions In Survey

A sample survey of the opinions of the American voter on important current issues and presidential preferences, will be conducted by the students attending the summer school session of American Government at the Tahoe Lake School, during the week of July 8 through 12.

Both residents and non-residents of the Tahoe Truckee School District will be asked to cooperate in completing the 18 question survey.

Washoe County Police Action

A seventeen year old Carson City youth, on probation from Ormsby County Juvenile Department, was arrested by citizens arrest on July 4, and charged by the Washoe County Sheriff's Office with the theft of a quart of gin from the Eagle Thirfty Store in Incline Village. The youth was transported to Wittenberg Juvenile Hall in Reno.

The owners of Hales Drug in Incline Village reported to the Washoe County Sheriff's Substation that at 7:45 on the morning of July 3 they discovered a hole had been made in the wall adjoining the Post Office, and alcoholic beverages and numerous narcotic capsules had been stolen. The loss was estimated at $250 and an investigation is being conducted.

Ice Factory Show At Squaw

Bright costumes and talented youngsters twirling and leaping, headlined a star-studded program of future Olympians at the first Ice Factory Show presented by Jimmy Grogran's Summer Skating School at Blythe Arena in Squaw Valley, on Wednesday evening, June 2.

The first of the weekly Wednesday shows held all of the excitement of opening night with nervous stars and an enthusiastic audience.

The school, sanctioned by the United States Figure Skating Association, not only trains our future medalists, but gives the necessary official tests twice during the summer session.

Staring in the show were: Bonnie Vasser of Tacoma, Wash., Grace Fleming, Mill Valley, California; Charlie Tickner, Lafayette, California; Julie McKinstry, Santa Rosa, Calif.; Pam Keeling, and sister Meg Keeling, Tulsa, Oklahoma; Judy McLeod, Vancouver, B.C.; Debbie Lauer, Sacramento, California; Mary Beth Braun, and Rick Inglesi of Freemont, California.

TINY SKATER – Diminutive Grace Fleming of Mill Valley spins during her solo routine at the Ice Factory Review at Blythe Arena on Wednesday evening. One of the skaters studying under Jimmy Grogan for the summer, she cut a fancy figure.
—Sun Photo.

Hard And Soft Water

Your vacation journey is likely to take you through territory that has a wide range of water, varying from the extremely hard to the very soft.

Hard water, according to the National Automobile Club, obtains its hardness from various deposits in it that are likely to leave a scale in the radiator and cooling system.

If hard water is used excessively, have the system drained and flushed at the end of the trip.

Truckee-Donner Chamber of Commerce

West Shore Notes

It was a busy week at the Dollar Point residence of Jack and Jean Holley as they entertained Jean's mother, Mrs. Marjorie MacNeur of Oakland, niece Marla MacNeur and Shannon Cane of Piedmont and Brad McCray of Novato. Also visiting with the Holley's was son Bob who is spending the summer at an in service training course in psychology at Napa State Hospital.

The Holley's son John left here last week for Stanford University where he is participating for four weeks in an intensive training program with the Peace Corps. After his in-country training, John expects to report to Columbia, South America where he will be associated with the small business program of the Peace Corps.

* * *

Bob and Salty Gebhardt entertained a large group of friends at a cocktail dinner party at their Dollar Point home on the Fourth of July.

* * *

Mindy Bechdolt and Marilyn Fugazi placed first and second in the first flight of the Tuesday tournament played last week by the members of the Tahoe City Women's Golf Club. Winners in the second flight were Bern Franklin, Alice Somers, Helen Seybold and Billie Finnegan.

* * *

The summer session of the Tahoe Truckee Unified School District is in full swing at the Tahoe Lake School in Tahoe City with an enrollment of one hundred and seventy three students in the elementary division and one hundred and twenty three class hours for high school students. The session started last Monday and will last four weeks for elementary students and six weeks for high school students, according to Principal Darrel Smith.

Courses offered for the high school students are mathematics, English (literature and drama), United States government, United States history and typing.

Members of the faculty are Roy Roark of Sacramento, Helene Hasey of Bakersfield Junior College, Mary Ryan of San Jose, Susan Walsh of Palo Alto, Donald Fouts, Neil Gates, Dee Courley, Beverly Humes, Denise Stein, Kayse Kelley, Bruce Wilson, Jim Barden and Bill Ulicki, all of the Tahoe Truckee Unified School District.

* * *

Marilyn Fugazi and Chick McBride almost swept the field as they doubled up in playing honors at the twilight scotch foursome of the Tahoe City Golf Club held at Bechdolt's on Sunday. Jim Brehler and Marilyn and Larry Helm and Chick tied for first place honors while Chick and Pete Perata took third with Marilyn and Don Koenig placed fourth.

* * *

Dan and Joan Hauserman of Dollar Point are visiting for several days this week in Bakersfield.

* * *

Visiting with Mrs. Ann Everitts at her Tahoe home this past weekend were son Donald and grandson Don of Long Beach.

* * *

The annual meeting of the Dollar Point Property Owners' Association was combined with a fizz party and held at the Dollar Point home of Dan and Joan Hauserman last Sunday morning.

With Dick Deliantoni presiding, the main subject of business was a possible formation of a recreation district within the area with Dean Ormsby presenting the technicalities. Elected to a fact-finding committee to study the possibilities of such a step were George Bitter, Arthur Perrott, Herb Beck and John Fitzgerald. This committee will report their findings to the Executive Board on September 15.

In a special election, Tom Nott was elected to fill a vacancy on the Board of Directors of the Association.

* * *

Father son Jack-Glenn Holley of Dollar Point celebrated Glenn's eleventh birthday on Saturday by attending the Giants St. Louis game at Candlestick Park.

* * *

Hosts to a group of friends at a Fourth of July barbecue at Tahoe Tahoe City home were Dave and Chick McBride.

* * *

Guests of Bud and Elise Kitchen at their Tahoe Swiss Village home over the Fourth week-end were Mr. and Mrs. H.C. Anderson and daughter Patty of Sacramento, Jimmy Anderson of Tiburon, Gretchen Anderson of Mill Valley and Mike Dakan of Sacramento.

* * *

Ben Keechler, son of Ben and Betty Keechler of Dollar Hill and a 1966 graduate of Tahoe Truckee High School, is with the U.S. Army and undergoing his basic training at Fort Lewis, Washington. Ben spent a year at Sierra College after graduating from high school here.

* * *

It was a real swinging weekend at the Comstock Acres home of Darryl and Julie Fenley when they entertained at their annual Fourth of July encampment. Their guests were all members of the St. Lawrence Entertainers from Santa Clara and Sunnyvalle and included Jim and Sally Klumpp and two children, Dave Kearns and daughter, Marty and Gloria Barnes and five children, Gene Dumas and Nancy Newell.

* * *

A large group of friends gathered together at a pot luck dinner and dancing party to "house warm" the new Tahoe Tavern Heights home of Park and Lynette Bechdolt last Saturday evening. Hostess at the event was Mrs. Angie Bonino.

* * *

Guests of Mr. and Mrs. Henry Parks at their Tahoe Swiss Village home last weekend were son and family, Mr. and Mrs. Mike Parks and two children to Sacramento.

* * *

Graduate Dustin Hoffman is vacationing at Rubicon.

* * *

Christine Onorato, daughter of Fred and Carole Onorato of Squaw Valley, left San Francisco last week for a two month trip through Europe. She is traveling with her grandmother, Mrs. William Newson of San Francisco.

* * *

An honor guest at the Midshipmen's Ball held at the St. Francis Hotel in San Francisco last Saturday evening was Sandra Nyberg, daughter of Don and Martha Snyder of Tahoe City. Sandra received a special invitation, along with fourteen other beautiful young ladies, from Mayer and Mrs. Joseph Alioto and the City of San Francisco.

* * *

Lieutenant Jack "Rusty" Packard, former Tahoe resident, was married on Saturday, June 29 to Miss Martha De-Witt of San Fernando Valley at the Chapel of Hamilton Air Force Base.

Lt. Packard is the son of Mr. and Mrs. Jack Packard, former Tahoe City residents who now live in Myrtle Creek, Oregon and he and his bride are both graduates of Sacramento State College. After a short wedding trip to Carmel and other coast spots, the young couple will make their first home in Spokane, Washington

In attendance at the wedding were his sister, Mrs. Milton Batt and her husband of Donner Lake, and his uncle and family, the Ned Long's of Dollar Point.

AN OPEN LETTER
TO THE VOTERS OF THE
FIFTH DISTRICT,
NEVADA COUNTY

Dear Voter,

You have a choice between two men to serve you as supervisor for the next four years. Hopefully the one you elect will do the job the way you want it done.

Believing that enough has already been said about my qualifications and how I might handle the job, it isn't thought necessary to spend time repeating it. Instead, to be prepared in the event you should select me for the job, I'm going to spend a lot of time getting better acquainted with our local problems, talking with people about what they want done and conferring with the people in Nevada City to determine the best way to get results.

Please let me have your ideas. This will enable me to serve you better.

Sincerely,
Zeph D. Rose

ZEPH ROSE FOR SUPERVISOR CAMPAIGN COMMITTEE
Rex Reed, Chairman

OPTIMIST CARNIVAL – Big Fourth of July Carnival at Tahoe City was smashing success, with booths like this one operated by Emblem Cluboffering dart game. —Sun Photo.

RECESS TIME – The one redeeming quality of summer school is recess time, and these students attending the Tahoe Truckee Unified School District summer session at Tahoe Lake School take time out for play. The teachers? Well, they're out there playing (?) too. —Sun Photo.

Annual Around-Lake Relay Gets Under Way Saturday

Feel like a little trot ALL the way around the lake?

Not right now you say . . .?

Well, Saturday at 9 a.m., beginning at the Safeway "Y," the annual Around-The-Lake Relay Run gets under way, with teams throughout the area participating, including one club with members 40 years of age or older.

Each relay team, comprised of seven men will run 10 miles each. All teams are members of an AAU association.

The run is expected to take 7–8 hours and is sponsored by the Reno Jaycees.

Meet director is Reno marathoner Skip Houk. He is coordinating the event with Bob DeCelle, executive director of the Pacific Association of the AAU Long Distance Committee.

If you have a team interested in competing, entries will be taken up to 15 minutes before the race starts.

Last year's winning team was the West Valley Track Club. In 1966, the High Sierra Track Club won it. In 1965 it was the Sierra Nevada Track Club.

Two new entries this year are the Alameda Track Club and the Senior Track Club,

Watch Stock For Poisoning

Although Prussic acid poisoning of livestock is not common in Placer or Nevada County, each year a few animals are reportedly lost after foraging on sorghums, sundangrass, the hybrids, or Johnsongrass.

Farm Advisor Jack Herr reminds ranchers that the poisonous material is most likely to be present in young immature stands, or in second growth following periods of drought, or severe water stress. The amount of hydrocyanic acid varies in different species and varieties. Grain sorghums contain the highest quantities, followed by Johnsongrass, the sudan-sorghum hybrids, the sudangrass. Piper sudan is relatively low.

Interviews Begin This Week

A three-month survey of highway uses will begin next week, July 8, when roadside interviews will be held along major highways leading in and out of Sacramento, according to District Highway Engineer W.L. Warren.

Squads of trained interviewers will be at work seven days a week and at all hours of the day. They will interview motorists on a selective basis in the greater metropolitan area bounded by Galt on the south, Placerville on the east, Auburn on the north and Woodland on the west.

Warren said the teams will ask motorists for such information as place of residence, origin and destination of the trip.

Information thus accumulated will form part of a comprehensive inventory of transportation in the Sacramento area. The data will be used to study present travel patterns and to predict future needs. The forecast will be revised and updated periodically.

This work is part of a comprehensive regional transportation study undertaken by the State Division of Highways in cooperation with the Sacramento Regional Area Planning Commission whose members are city or county officials.

This fulfills a requirement of the Federal Highway Act of 1965, Warren said, which calls for continuing study of all transportation facilities by a local planning group before any federal monies are approved for projects in urban areas. This includes future funds for highway, airport or transit projects.

Later on, interviews in about 13,000 homes will be used to supplement information gained from the roadside interviews.

Teresa Hafner Weds Anthony Doonan

Teresa Faone Hafner, the daughter of Mr. and Mrs. Vern C. Hafner of Homewood, became the bride of Anthony John Doonan June 29 at Our Lady of Mercy Church in Daly City, Cal.

The groom is the son of Mr. and Mrs. Frank Doonan of Daly City.

The bride was graduated in 1966 from Tahoe Sierra School, Homewood, after which she attended Sacramento State College and Healds Business College in Sacramento.

The groom attended high school in San Francisco and Sacramento State College, where he received a B.A. degree in sociology.

After a honeymoon in Carmel, the couple is making their new home in Sacramento.

MR. AND MRS. ANTHONY JOHN DOONAN

Carsick Child

Leaving level terrain behind, you look happily at the scenic hills. Suddenly your mood turns sour. You have a carsick child on your hands.

What to do? Stop the car, advises the National Automobile Club, and let your child out for a 15-minute breather. Encourage him to take a short walk if he feels up to it.

See that your child gets in the front seat before proceeding to the nearest town. Look for a drugstore so that you can buy a motion sickness medicine, but remember that children swallow the liquid kind easier.

Don't resume your trip until you've waited for another 15 minutes. With your child again in the front seat, take the remaining hills and curves at a slower pace.

Vacation Church School Planned For Truckee Area

A number of Truckee churches are planning to hold a united Vacation Church School this year for all children ages 4-12 years.

The Episcopalian Church, United Methodist Church, and the Sierra Bible Chapel will sponsor this special event to be held July 15 through 26 at the Methodist Church of the Mountains, Church and School Streets in Truckee.

Sessions will be held daily from 9:30 a.m. until 12 noon and will include many interesting and worthwhile activities in the areas of worship, recreation, studies in Christian life and faith, outings to various places of interest in the locality, refreshments, etc.

A visiting team of young people from Lafayette will be assisting local Church School workers this year in the Vacation Church School and it is expected that large numbers of children will want to attend.

Registration fee is $1 to cover the cost of materials used in arts and crafts, study books, etc., for the two weeks. Parents who would like their children to attend should take steps to pre-register as soon as possible as some classes will be limited in number.

For further information about registering, please call Betty Mucha at 587-4040. Anyone wishing to help with refreshments for the children should also call this number.

Teale Report On Budget

The Senate received the $5.72 billion budget worked out by the conference committee on June 27 and passed it out to the Assembly the same day. The assembly approved the conference budget the next day.

The budget approved by the Legislature is a reasonable spending program reflecting cuts in many areas and increases in others where state growth has necessitated spending hikes to keep pace. The conference budget approved this week includes several items of particular interest to residents of the Third District.

In the field of health care, I am happy to report that $1,755,245 inserted into the budget as the state's one-third share for Hill-Harris Act hospital construction projects in Amador, Plumas and Madera Counties was retained in the finally approved bill. The Governor had cut all Hill-Harris funds out of his original budget. This will allow construction to proceed on these badly needed local hospital facilities on a joint local, state and federal cost sharing basis.

I am also pleased to report that $1,316,335 was included in the budget for operation of Modesto State Hospital. This item is of particular importance for me because it should quell the persistent rumors that the state is considering closing Modesto State Hospital.

The conference committee approved the transfer of administration of four regional diagnostic centers for the mentally retarded from the Department of Mental Hygiene to the Department of Public Health and added $790,000 to the budget for their operation.

Of prime importance to the counties throughout the district is the fact that the conference committee returned to the budget the funds cut by the Assembly for agricultural research by the University of California

Cheerleaders Hold Clinic At Squaw

The Sixth Annual Song & Cheerleader Clinic was held at the Olympic Village Hotel in Squaw Valley during the past two weeks, hosting more than 1800 high school and college girls and boys from Northern California, Oregon, Washington, Nevada and Colorado, at two separate four-day sessions.

The event, sponsored by the National Cheerleading Association of Dallas, Mr. Lawrence Herkimer, Executive Director, holds these clinics all over the United States and Hawaii to give instruction to the teens so that when they return to school in the fall they will have a new repetoire of cheers, routines and songs with which to raise enthusiasm of the students.

Instructors are college students and some of the subjects covered are: routines, sportsmanship, pep rallies, uniforms, squad organization, school spirit, and responsibility of position.

Wednesday evening, July 3, a talent show was held on the lawn facing the dorms, complete with portable stage and sound system, and if the clapping, shreiking and laughing were any criterion from which to judge, a great time was had by all.

CHEERLEADERS HOLD CLINIC – Three pretty cheerleaders representing the more than 1800 boys and girls attending the 6th Annual Song and Cheerleading Clinic at Squaw Valley are ready to lead those roars. From left, Rochelle Sooter, Vacaville, Kathy Hansen, Fresno, and Valerie Skewes of Vacaville. —Sun Photo.

Jehovah's Witnesses Report On Conclave

Don D. Cecil, Circuit Supervisor of Jehovah's Witnesses in Tahoe City, said, "After four days of Bible instruction at the Sacramento Fairgrounds July 4-7, all local delegates have returned to their congregation to apply the things they learned.

"Convention officials had expected 10,000 for the opening session but to their delight, attendance soared to 13,805. By the end of Friday's sessions, total attendance had reached 75,179, with a grand total for all sessions during the four days exceeding 150,000.

"The purpose of the convention," Cecil continued, "was to give advanced Bible training. Thursday's program showed why parents are responsible to teach their children God's ways and that children must respond to such training if both are to gain the blessings of Jehovah God.

"The keynote address of the convention on Friday pointed out how man can do without false religion and that shortly the archenemy of false religion, Jehovah God, would do away with it completely. Earlier that morning, 327 new ministers were baptized by complete immersion in an ordination service.

"Bible dramas on Saturday showed how the Bible account of Judge Jephthah of ancient Israel and his daughter is full of prophetic meaning for Christians today.

"During Sunday morning's session all were urged to strengthen their faith in God; to practice principled love, an identifying mark of Christians today, and to pursue the things making for peace. That afternoon the main lecture 'Man's Rule About to Give Way to God's Rule' was given. The speaker stated, 'All honest persons who have lost faith in man's rule have solid reason now to rejoice that man's rule is about to give way to God's rule,'" Cecil concluded.

Bridge Crossings

13,604,225 vehicles crossed the San Francisco-Oakland Bay Bridge during the first three months of 1968, reports National Automobile Club.

The cashier in a reataurant was looking terribly downhearted, and the boss asked her what was worrying her. "I must be losing all the glamor I once had," she replied; "the men customers are beginning to count their change."

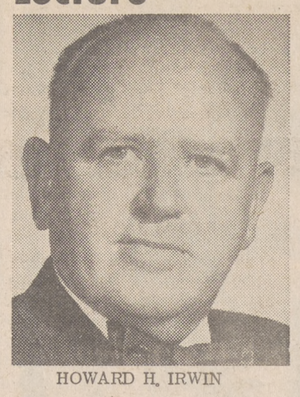
Christian Science Lecture



HOWARD H. IRWIN

Under the sponsorship of the Christian Science Society of Truckee, Howard H. Irwin, C.S., of San Diego will lecture to a public audience next Sunday, July 14, at 3 p.m. at the Christian Science Society building in Truckee, on South Emigrant Way, west of Highway 89.

Mr. Irwin's subject is "You Are Needed" and will be a reassuring discussion of man's close and constant relationship to God. Lecturing in three languages — French, Spanish, and English — comes naturally to Mr. Irwin who served with the United States Military Intelligence in Continental Europe during World War II. After the war, he entered the full time public practice of Christian Science healing. He is currently on tour throughout the United States for the Christian Science Board of Lectureship.

The public is invited to attend. Admission is free.

HOW TO HAVE AN ACCIDENT ON PURPOSE:

Don't keep your car in top shape. You don't want an accident? Then make sure everything's in A-1 condition. And drive defensively. One more tip? For a good deal in auto, life and homeowners insurance turn to State Farm.

Business Dropped!

Speeding like nobody's business, a substantial number of motorists near Duluth, Minnesota, were recently caught right in the act.

On this particular day, points out National Automobile Club, the police radar squad were handing out tickets or warnings right and left.

Suddenly business dropped off. Something was amiss. Every motorist now cruising past the radar trap obeyed the posted speed limit to the letter.

Highly suspicious about this turn of events, the police began to search the area carefully. In no time flat, they came upon a sign two blocks before the trip. In bold but amateurish letters this sign declared, "Radar Ahead."

LEGAL NOTICE

NOTICE OF PUBLIC HEARING
USE PERMIT APPLICATION FOR A THREE-UNIT MOBILE-HOME PARK — INTERSTATE 80, TRUCKEE.

Notice is hereby given that on July 22, 1968, at 8:15 p.m. in the Supervisors' Room, Courthouse, Nevada City, California, the Nevada County Planning Commission will hold a public hearing where will be heard persons desiring to make statements concerning the use permit application of Sha-Neva Trucking Company, filed under the terms of Nevada County Zoning Enabling Ordinance No. 196, as amended, for operation and maintenance of an existing three-unit mobilehome park (renew Use Permit No. 196 which expires June 24, 1968) on property owned by Orlan H. Sanders, located in an Unclassified Zoning District at the address of North of Interstate 80, one-quarter mile west of State Highway 89, north of Truckee; said property being legally described as follows:

A parcel of land measuring 300 feet East and West and 118 feet North and South situated 330 feet West of the East line of Section 10, T.17N., R.16E., M.D.B.&M. and 7 feet North of the power line; being a portion of all that portion of the North one-half of the Southeast one-quarter of Section 10, T.17N., R.16E., M.D.B.&M. Northwest of that certain State Highway Known as U.S. 40-Interstate 80 (portion of Assessor's Parcel No. 19-012-03).

Five Saved As Boat Burns At Incline

INCLINE VILLAGE — A 5–year–old girl was injured before she and four other persons were rescued from a burning boat, the Reno Drywall, which sank in Lake Tahoe, the Coast Guard said today.

Officer–in–charge Ray Ramsey said the girl, Judy Eckland, was on the craft with David Sheff, age unknown, Mary Lann Morrell, 20, Richard Eckland, 8, and Kathy Eckland, 7 all of Reno.

Ramsey said the youngster was treated for second–degree burns after she and the others were helped off the boat by a father and son, Richard and Leon Knightengale of Foster City, Calif.

The Knightengales swam from shore near the Lake Tahoe Hotel in Crystal Bay out to the boat to help after the fire started Thursday afternoon.

The Coast Guard said the cause of the blaze was not known.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING
USE PERMIT APPLICATION FOR A RESIDENCE IN A "C" DISTRICT – LAKEVIEW EXTENSION, DONNER LAKE.

Notice is hereby given that on July 22, 1968, at 7:55 p.m. in the Supervisors' Room, Courthouse, Nevada City, California, the Nevada County Planning Commission will hold a public hearing where will be heard persons desiring to make statements concerning the use permit application of John E. Coyle, filed under the terms of Nevada County Zoning Enabling Ordinance No. 196, as amended, for construction and maintenance of a single–family residence on property being purchased by the applicant from Richard C. Swanson, located within a "C" Zoning District at the address Lakeview Extension, Old Highway 40, Donner Lake; said property being legally described as follows:

All that portion of Lot 1 of Block 5; Lots 10 and 11 of Block 3 and Donner Avenue (abandoned) as shown on the official plat of "Donner Lake Company's Lakeview Subdivision Extension" filed in the Office of the County Recorder of Nevada County, State of California, on July 17, 1922, in Book 1 of Maps, Map No. 33, described as follows:

Beginning at a point of intersection of the SWly line of said Lot 1 of Block 5 and the Sly line of Pioneer Drive as shown on the Official Plat of "Donner Heights Subdivision, Unit No. 1" filed in the Office of the County Recorder of Nevada County, State of California, on November 25, 1960, in Book 1 of Maps, Map No. 125; thence from said point of beginning S 15 degrees 43' E along the said SWly line of said Lot 1 of Block 5 and the SEly extension thereof to a point in the Nly line of Old Highway 40; thence Ely along the said Nly line of Old Highway 40 to a point in a line parallel to and 50 feet Ely measured at right angles to the said W line of said Lot 1 of Block 5; thence N 15 degrees 43' W along the said line and parallel to said W line to a point in the said Sly line of said Pioneer Drive and thence S 86 degrees 00' W along said Sly line to the point of beginning. (Assessor's Parcels Nos. 17–342–01 &–04 & 17–343–01).

ORDINANCE No. 402
OF THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA

AN ORDINANCE TO AMEND APPENDIX AND TO ESTABLISH SECTION 5.20 OF APPENDIX OF NEVADA COUNTY CODE, CALIFORNIA, 1956, AS AMENDED.

THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

The Nevada County Zoning Enabling Ordinance No. 196, as amended, is hereby amended to add Section 5.20 to the Nevada County Code, California, 1956, as amended, to provide a "R–1–B–X" District within all that territory hereinafter described, which territory shall be and the same is hereby rezoned to establish a "R–1–B–X" District as defined in the Nevada County Zoning Enabling Ordinance No. 196, as amended, and hereby becomes subject to all the restrictions set forth therein.

That the territory hereinabove referred to is all that certain territory situated in the County of Nevada, State of California, described as follows:

All that portion of the southeast one–quarter of Section 12, T.17N., R.15E., M.D.B.&M. lying southerly of Interstate 80 and known as DONNER LAKE TRACT as that subdivision is shown in Book 3 of Maps at Page 8 in the Office of the Recorder, County of Nevada, State of California.

This Ordinance shall take effect and be in force at the expiration of thirty (30) days from and after its passage, and shall become operative on the 1st day of August, 1968, and, before the expiration of fifteen (15) days after its passage it shall be published once, with the names of the Supervisors voting for and against the same, in the Sierra Sun, a newspaper of general circulation printed and published in the County of Nevada.

PASSED AND ADOPTED by the Board of Supervisors of the County of Nevada at a regular meeting of said Board, held on the 2nd day of July, 1968, by the following vote of said Board:

Ayes: Supervisors Gene M. Ricker, Bret J. Bennallack, John L. Hartman, William E. Thomas and Henry G. Loehr.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

12 Commercial Row,
Truckee, Nevada County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license (or licenses) for these premises as follows:

ON–SALE BEER

Anyone desiring to protest the issuance of such license(s) may file a verified protest with any office of the Department of Alcoholic Beverage Control, within 30 days of the date the proposed premises were first posted, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

Leon Michael Stier
Donald Goodman

NOTICE OF SALE OF USED EQUIPMENT BY TAHOE TRUCKEE UNIFIED SCHOOL DISTRICT

Sealed bids will be received, publicly opened and read for the sale of items listed below.

Verrification of the description and condition is the responsibility of the bidder. All vehicles or other property offered for sale "as is and where is", and the Tahoe Truckee Unified School District makes no warranty, either expressed or implied, as to age, state or condition of repair.

Bidders may make offers for one or more items. Bidders interested in purchasing only one vehicle may enter a bid on more than one, indicating preference by numerical sequence as to choice. (Example: 1st choice, 2nd choice, etc.) Choice bidding is limited to automobiles only. A maximum of only three choices for automobiles will be allowed. Bids not numbered in choice column will be considered as an individual bid, and bidder will be required to take delivery of all items purchased. No changes in bids or bid choices permitted after bids are opened.

In addition to price offered, successful bidders will be required to pay any applicable sales tax unless valid resale certificate is furnished. No sales tax will be collected on motor vehicles. Use tax, where applicable, will be paid by the purchaser to the Department of Motor Vehicles at time of registering unit.

Successful bidders will be required to take delivery of items or items purchased and remove same within ten (10) days after notification that their bid or bids have been accepted. Storage costs may be added on items not removed within the ten (10) day period.

No bid will be considered unless it is made up on a form provided by the Owner and accompanied by cashier's check or personal check for ten (10%) percent of the amount of the bid. Balance of sale price must be paid to the Owner before equipment is removed from Owner's premises.

All responsibility of the school district for any property purchased ceases with its release to the successful bidder. All sales are final -- refunds or adjustments will not be made. Risk of loss and cost or removal shall be buyer's responsibility.

On serviceable units, keys will be available to start the engines at the following times: All day Friday, July 19, 1968, and Monday, July 22, 1968 morning prior to the sale.

DATE–PLACE–TIME OF SALE
LOCATION OF EQUIPMENT: Transportation Department, Tahoe Truckee High School, Truckee, California (approximately two miles west of Truckee on old Highway 40)

INSPECTION DATE BEGINS: Monday, July 15, 1968 through Friday, July 19, 1968

SEALED BIDS WILL BE RECEIVED NO LATER THAN 1:00 P.M. Monday, July 22, 1968, at the Office of the Superintendent of Schools, Tahoe Truckee Unified School District, Administration Building, Church Street, Truckee, California., to be opened and publicly read aloud at 1:00 o'clock P.M., Monday, July 22, 1968, in the same office.

Successful bidder will be notified within ten (10) days after opening of bids.

SUBMIT BIDS TO:
Mr. John S. Corbin
Tahoe Truckee Unified School District
P. O. Box 458
Truckee, California 95734

GROUP A – Items 1 through 9 inclusive — consisting of International TD 9 tractor with loader; 1951 Ford stake truck; 1945 Ford dump truck; warehouse tug; 1959 Ford pickup; 1959 Plymouth sedan; 1958 Ford station wagon; 1957 International Metro; F.W.D. Snow Plow with extra parts.

GROUP B – Items 10 through 14 inclusive — consisting of generator, 208/120 V. AC, 3 phase, 31.25 KVA; Caterpillar engine 2V; generator 110V, DC, trailer mounted, Crosley engine; pump trailer mounted, Wisconsin V4 engine; engine hoist.

GROUP C – Items 15 through 20 inclusive — consisting of Lincoln undercoater; dozer blade; Fordaire compressor; power lawn mower; hand lawn mower; and engine hoist.

GROUPS A AND B SUBJECT TO MINIMUM BIDS

LEGAL NOTICE

The Tahoe Truckee Unified School District reserves the right to reject any bid and to waive any informality or irregularity in bids, the bidding or the sale.

JOHN S. CORBIN,
Superintendent and Secretary of the Governing Board of the Tahoe Truckee Unified School District.

Donner Doings

By VI WHITE

It was a glorious 4th for thousands that spent the holiday up here. Perfect warm weather, a hot sun and clam water all morning that suddenly switched to overcast squally afternoons with rain, streaks of lightning and thunder. The brief storms made boaters, swimmers and fishermen head for shelter momentarily though.

* * *

Sky Miles' "Li'l Toot" led the boat parade again this year, spouting huge streams of water from each side as it tooted along at dusk before the fireworks began Saturday at Donner Lake.

It was a grand evening with a beautiful pink glow in the sky that enhanced the color of the bright sprays of fireworks. The surrounding mountains re-echoed the loud booms from time to time.

Horns tooted and people clapped with delight when a specially pretty one appeared and also at the finale.

We met a couple at Donner Lake Lodge afterward who remarked how nice it was that their taxes pay for these events, but we quickly corrected this thought. These fireworks are bought and shot off by the Donner Area Jaycees with the help from the Truckee - Donner Chamber of Commerce and donations. The Donner Lake Property Owners' Association is so happy to have fireworks at Donner Lake that they donated $50 again this year.

Cars lined old Highway 40 all along the lake, up the old summit road and even along the freeway, so many people were treated to the display. Thanks fellows.

* * *

Tahoe City had their excitement on the night of the 4th and what a crowd assembled there. Traffic was at a standstill and over a hundred boats dotted the water by the Tahoe Commons.

We were aboard the Revere, that big 51 foot cruiser of Dr. Brodie's that knifed through the water from Dollar Point. The Brodie's were home early from their vacation so their children, John, David, Marilee and cousin Glen Alexander from Whittier could see the fireworks. Quite a sight from the lake.

The firemen from Tahoe City passed the cans for donations and even received contributions from boaters as they taxied among them with cans extended on long poles.

* * *

Dr. Weber and Lee Gleason from Santa Rosa had good luck fishing in the Truckee River, "Whit" Whitney of Donner Lake likes to fly fish and had a good catch in Prosser Creek.

The Jones' went to Davis Lake with us last week and brought home some beauties from there, but also left several with hoods in them when lines broke hauling them in.

Understand Prosser and Boca are picking up, also Meadow now that the water is beginning to recede.

* * *

Bill and Helen McDonald spent several days at their lovely summer home near Bob and Harriet Jones. Harriet came up by train last week and really enjoyed the relaxing trip. They eyed the Feather River route when in Portola the other day. Wouldn't be suprised if that will be their next train ride.

* * *

That five-pound trout reported caught in the Truckee River a couple of weeks ago was a German Brown, not a Rainbow. Sorry Dave.

* * *

The Sierra Tinker Belles Garden Club members had an outing recently to the Ponderosa Ranch at Incline Village. A picnic lunch was enjoyed at Sand Harbor beach before the hay ride up to the Cartwright house of Bonanza TV fame.

The gardners have been mighty busy getting ready for the August 10 flower show. Don't forget, everyone is invited to enter exhibits, so make your plans now for yours.

* * *

Nice to find that Mr. Cypriano is well enough to use his cabin at Donner again and take daily walks along Old Highway 40. His children are trying hard to catch fish. Such patience.

* * *

Mabelle Hadley is keeper of those valuable Betty Crocker coupons that the Fire-ettes are saving. The big set of flatware and case will be a prize at their next affair this fall. If you ladies have any tucked away, please contact Mabelle.

The bird population is increasing and it's fun to see the young, who are as big as their mother, twittering until they are fed.

One white-headed woodpecker we have feeding suet has apparently banged into something and sports a sissor beak. Poor thing can't pick up bird seed, so he really digs into that soft fat. He patiently tucks pieces away in the thick bark of the Jeffrey pines, and then the ole noisy Blue Jays find it.

See a black bird around once in a while with only one foot. Hope these birds survive the rigors of nature.

* * *

Certainly want to thank Helen Smith from Hayward who says she and her hsuband like to receive the Sierra Sun and to read this column; also Loraine and Jim Peters of Carmichael; Milan Wight too, who wouldn't have known that the old hotel was cleaned away next to his new cabin, if he hadn't read it here; and to the Dick Broodings of Saratoga who say they like to know whats happening up here too. Enjoyed talking to them after the property-owners meeting Saturday.

* * *

Arthur James spoke at the Donner Lake Property Owners' Association meeting Saturday at the beach. He and his crew are here in the area for six weeks to re-appraise property.

The Nevada County re-appraisal program should equalize taxes by 1971. 1950 was the last time property was appraised in this area, the new amount is 25% of the market value.

Carson White related various events and recreational facilities to be found here to be enjoyed by all; the park south of Truckee, the Gondola at Squaw Valley, the ice rink there, plane rides at the airport, the new launching site to be constructed soon at Donner Lake, and what the Chamber of Commerce is doing.

Fred Hodder, Sanitary District Director, helped clarify various sewer notes, stating that down-sloping property will probably require pumping to the trunk line at the owners expense. The sewer lines will be installed to the edge of property and the connection is up to the owner.

Dave Tucker was host to the Squaw Valley Sporting Club Saturday evening at his home in the valley.

The new strip-lawn served as a nice green base for the benches and a great soft spot for kids to play.

At least 100 members and friends were in attendance for the delicious lamb Asado as only Osvaldo Ancinas can prepare. Imagine barbecuing three whole lambs outstretched on their individual frames beside big hot coals. Quite a sight, and so good to eat.

* * *

Sailboats will be dotting Donner Lake again this weekend during the Donner Lake Sailing Club Regatta. The event is open to all sailors, but club members will be reaching for the coveted Corum Driftwood Trophy.

Truckee Court Cases

The following cases were heard last week in Truckee Judicial District court by Judge F.W. Wilson:

Karle Edward Kline, Santa Clara, pleaded guilty to a charge of drunk driving; fined $345.

Vicki Davis, Sacramento, found guilty of speeding; fined $41.

James Lee O'Conner, Napa, found guilty of speeding; fined $13.

Harold Francis Curtis, San Francisco, found guilty of drunk driving; fined $345.

Lyle A. Jenses appeared on a charge of failure to support minor children; placed on probation for three years.

Receipts were in the month of June totaled $6,946.90, consisting of 255 traffic cases, 27 small claims actions, and four criminal cases.

New System Of Licensing

A new system in Kansas clearly separates the minor from the adult driver.

To make instant identification of a possible traffic violator with his age-group, the police here need just look at the color combination on his driver's license.

Kansas authorities now issue red and blue licenses to drivers under 21, gold and blue licenses to drivers 21 and over.

Chums Vacation In Kings Beach

The Misses Jeanne Hummer, Margaret Hummer, Puddy Murchison, Buttons Murchison, and Nicky Gregoris, all of Castro Valley, are the house guests of Miss Penny Lee Stoker at the home of her grandparents in Kings Beach.

The girls are all high school friends. Among their many activities was a recent visit to the Ponderosa Ranch at Incline Village.

Keep State Green

Help keep California green, advises National Automobile Club, by pouring water over your campfire embers.

Lanuching Your Boat

Lightning Fires Keep Crews Busy

A series of lightning fires during the past several days have kept the suppression crews in the Truckee District of the Tahoe National Forest busy.

The most serious blaze was discovered at 3 p.m. last Friday when lightning struck an old snag log two miles east of Boca. A brisk wind quickly spread the flames and it was necessary to make four drops of retardant from planes to bring it under control. More than half an acre was burned over and the suppression crew worked into Saturday to extinguish the blaze.

Several other incipient fires were started as lightning continued to strike the tinder-dry area throughout the district.

Four troublesome blazes were started Sunday afternoon near the old Stanford wood camp near the head of Cold Stream some six or seven miles southwest of Truckee. The helicopter was kept flying almost constantly taking men to the fires. Two of the Cold Stream blazes were virtually inaccessible and men were required to spend hours bringing them under control.

The lightning is accompanied by very little rain and forest service officials fear that "sleeper" fires may result from the strikes. They urge that everyone visiting the forests use extreme caution with all fires.

Daven Morey With First Marine Unit

DANANG, Vietnam (FHTNC) June 26 - Marine Private First Class Daven M. Morey, 22, son of Mr. and Mrs. Daven Morey of Truckee, Calif., is serving with Headquarters Battalion, First Marine Division in Danang, Vietnam.

As a member of the Battalion he helps exercise control of and provide administrative support to units of the division. He helps provide communication facilities, and religious and security services to the Division.

His unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials are made available through the Marine Corps Reserve Civic Action Fund.

Credit Due

Success of the recent Emerald Bay park dedication ceremony was credited to a great extent to volunteers in the Tahoe City and west shore area.

Boats used to transport participants to Emerald Bay were donated by Ed Wallis, James Viso, Dick Clark, Dr. Goldman, Dave Stollery, Bill Collins, Jack Plumbridge, Ken Fencher, and many others.

Food was prepared and donated by the Tahoe City Women's Club, under the direction of Mrs. Isobel Bruchlacher and Mrs. Mitzi Stollery, and by Tahoe City Bakery and the California Alumni Center.

INCLINE VILLAGE, NEVADA

Sales Program Launched By Incline Village Inc.

INCLINE VILLAGE—Incline Village Inc., which took over the assets of Crystal Bay Development Co., just one month ago, today launched its sales program under the supervision of Bill Hanlon, sales director.

Ready for the sales kickoff is a sales office located on Lakeshore Drive (Highway 28) just west of the Lake Tahoe Hotel, directly across from Incline Beach where property owners launch their boats.

Simultaneously a party program was launched in the Bay Area, by which potential buyers of recreation land and second homes are brought together in their home communities and told the Incline story. Those interested are brought to Incline, hosted by the development firm.

Hanlon, who has just completed a successful sales campaign at Lake of the Pines, near Auburn, was excited about Incline.

"Once you've seen it you don't want to live anywhere else. It's the most beautiful property I've ever seen. The remarkable thing is that with terms we offer, anyone can own land at Tahoe," he said.

The sales program has been put together by Bruce Cotter, sales executive of United States Land Inc., parent company of the new Incline organization, and a subsidiary of Boise Cascade Corp.

"This is one of the finest properties we've ever seen," Cotter said. "It has a great asset in its complete school system for kindergarten through high school."

The new sales staff will include 30 salesmen, hand-picked and screened by Hanlon. These men are being brought from the firm's developments all over the country.

Nevada County Is Richer As License Fees Accumulate

The unincorporated area of Nevada County has received $14,095 as its six-month share of the special fees paid by holders of alcoholic beverage licenses.

The payment was made by the state's department of alcoholic beverage control which allocates 90 per cent of all license fee money back to individual cities and counties where it is used to offset the costs of police and fire protection, schools, highways, hospitals and other government services. The remaining 10 per cent goes into the state's general fund where it is used for similar purposes.

The most recent payment was for the six-month period ending Feb. 29, 1968. Nevada County as a whole, including the unincorporated area, received $23,045 for the period.

A package store beer and wine license costs the owner $37, with a yearly renewal fee of $12. A general on-sale tavern license costs $6,580 originally, with an annual renewal fee of $580, while a beer and wine only tavern license costs $234, renewable yearly for $84.

According to Geo. W. Ososke, executive secretary of the California Brewers Assn., local government throughout the state as a whole received $7,004,054 for the latest period which, coupled with the $5,055,833 received for the period ending Aug. 31, 1967, makes an annual total of $12,059,887.

"These fees," Ososke said, "are actually all paid by the consuming public in the form of higher retail prices. It is still another example of one segment of the public, buying a legal product in a legal way from a legitimate businessman, being forced to pay a greater proportion of the cost of schools, highways, police and other government services than does a consumer of most other goods."

New Nevada County Budget Tentatively $5.4 Million

Nevada county's supervisors Tuesday approved the preliminary budget for 1968-69, and at least for now, it's only $12,000 above the amount approved for last year.

However, the supervisors will take another look at the figures in August and could change them some more — either up or down.

The budget as it stands right now totals $5,469,441, according to Auditor-Controller John T. Trauner's tabulations. He said this is $12,000 more than last year's budget.

Most of the money needed to finance the county won't come from the local property tax, he pointed out. The property tax share comes to $1,816,000, with the remainder provided by a variety of federal and state government sources, revenue and money remaining at the end of the last fiscal year.

A side issue developed when the preliminary budget was presented. Trauner asked whether the supervisors want to continue budget control by classification or want to extend control to each line item.

Budget control by line item would require more transfers, and Supervisor Lou Hartman agreed it would be more work "but it would be tighter control."

However, Supervisor William Thomas felt control on classifications within budgets is sufficient, saying "you can get to the point where you control yourself out of business." He felt line control would require transfers for such small things as stamps and telephones.

Hartman said transfers would not always be in such small amounts.

Chairman Bret Bennallack agreed with Thomas that line control "would make a terrific job in the auditor-controller's office.

Finally, the board voted 4-1 to continue classification control with Hartman casting the negative vote.

Mending Memo

When ironing, keep a scratch pad and pencil nearby. Then when you find a garment that needs mending, make out a mending memo, noting what needs to be done. Pin it to the article and lay aside. When you have a few minutes mending time, you know which pieces need mending without having to look them over again. Little things like snaps or buttons are not overlooked this way either.

Urgency Legislation Benefits Owners Of Campers

SACRAMENTO – Two pieces of urgency legislation which make life a little easier for owners of campers are now effective, California Highway Patrol Commissioner H.W. Sullivan has announced.

The controversial section of the vehicle code which since Nov. 8, 1967, made it illegal to park any trailer coach, house–car or vehicle equipped with a camper upon any highway during hours of darkness has been repealed.

The law was never enforced, since the legislature indicated its intention to repeal it in a resolution passed late last year.

Repeal of this section does not affect other sections of the law dealing with parking of motor vehicles.

The Second bill, AB835 by Assemblyman John Foran, defines a three–axle housecar, permits it to operate at speed limits that apply to passenger vehicles, and makes it possible for holders of regular driver's licenses to drive such a vehicle.

The new vehicle code amendments serve to bring the code up to date with a new development in the camper picture – a camper equipped with an axle that is designed to support a portion of the weight of the camper unit.

The Foran bill specifies that a vehicle equipped with such a camper is a "three–axle housecar," regardless of the method of attachment or manner of registration. Except for this special type of equipment, a vehicle with a camper is not considered a housecar unless the camper is permanently attached.

The "three–axle housecar" is the only exception to the rule that vehicles with three or more axles require a Class 2 driver's license.

PANELIST — Don W. Burington, 59, Mason City, Iowa, will serve as out–of–state panelist during discussion sessions on judical selection and tenure at the University of Nevada's Stead campus phase of the Citizens' Conferences on Nevada Courts July 10 – 11. President–elect of the Iowa State Bar Association, he has served in that state's legislature and as an assistant attorney general. Graduated from the University of Iowa Law School in 1931, Burington is an American College of Trial Lawyers fellow.

Travis AFB Readies Plans For Birthday

TRAVIS AFB, Calif. — Plans at Travis Air Force Base for the gala 25th birthday celebration Aug. 25 have already attracted exhibitors from a wide area of the western United States — even southwest Georgia.

Lt. Col. Robert E. Gibson, new 60th Field Maintenance Squadron commander, has set up an impressive series of ground displays for the open house.

Area communities, military installations and civic groups will present shows ranging from karate demonstrations to a preview of the futuristic Lockheed C5A Galaxy aircraft.

Along with more spectacular exhibits will be an Air Force Orientation Group display, featuring a 40–foot high Titan III–C missile.

Travis' own 61st Artillery (HERC) missile battery will bring a complete Hercules missile.

Alameda Naval Air Station will explain "service to the fleet" in their offering. It is a graphic view of how a modern Navy carries out the day–to–day job of keeping its vessels shipshape.

Alameda also promises to present a most unusual fish–bowl–aquarium—super size.

Interservice support will be another display, with emphasis on the many ways the American military works together in protecting our nation.

Both the headquarters, 6th Army, San Francisco, and the Travis–based 60th Aerial Port Squadron combat control team will present parachute and aerial delivery displays.

Travis' field training detachment will have several jet and turbo–prop engines polished and ready to show off to visitors.

The Army's 12th Special Forces team will demonstrate what is new with the Green Berets, while presenting scuba and mountain gear, a weapons display and a karate show.

Sharpe Army Depot will exhibit many unusual items from their supply inventory, including a snow plow, an amphibious landing craft, a gigantic tire, an optical display and a sea–land presentation.

Models — ranging from the battleship Missouri, from San Francisco Naval Recruiting Center, to the F111 swing–wing fighter–bomber from McClellan Air Force Base—will interest the home model builder.

Military Sea Transport Service at Oakland Naval Shipyard will have an X–ray view of a typical ship, plus a globe display to explain the Navy's work around the world.

History will also play an important part in the day's activity, as details of the 60th Military Airlift Wing's World War II and Berlin Airlift activity head a line–up of equipment and historical data.

Ft. Ord's historical special projects division and McClellan Air Force Base will have exhibits outlining military history.

Fairfield–Suisun Chamber of Commerce, Rockville Hills Park and Golf Course, the Fairfield Civic Center, Solano College, Solano Mall Shopping Center and Solano County will present civic displays at the Travis open house.

The birthday event will begin at noon, Aug. 25, and continue until 5 p.m. The display area will be on the south end of the runway ramp area in front of the terminal building.

Day–to–day operations of the base will continue on the north end of the ramp within view of the base visitors.

Competitive Art Festival Planned

RENO — Artists and artisans of Nevada, California, or wherever, are being invited to participate in an all–around competitive summer arts festival, Aug. 22, 23 and 24, to be held at the Park Lane Centre mall, East Plumb Lane.

Entertainer To Receive Governor's Trophy Sunday

RENO—Danny Thomas, one of the top-ranked entertainers in Nevada showrooms for almost two decades, has been named to receive the third annual Governors Trophy from the Greater Reno Chamber of Commerce.

The award will be presented Sunday at the chamber's 65th annual dinner in the Headliner Room at Harrah's. Making the presentation will be Gov. Paul Laxalt.

The trophy is awarded each year "to a performer who has made outstanding contributions to Nevada's fame as the entertainment mecca of the world." The two previous honorees were Jimmy Durante and Sammy Davis Jr.

Thomas, known to millions from his movies, television series and specials, has made annual appearances at Harrah's (Tahoe) since July, 1963. He first worked in Nevada as a nightclub entertainer in Las Vegas in the 1940s.

While headlining at Harrah's last summer, his show was filmed for a one-hour special ("Thomas at Tahoe") which was shown on NBC-TV last February. He did the complete show alone. Thomas' series, "Make Room for Daddy," ran for 11 years until it was voluntarily terminated after the 1963-'64 season. He then began producing specials for NBC-TV.

One of the biggest events of life, Thomas says, was the dedication of the St. Jude Childrens Research Hospital in Memphis, Tenn. The comedian began a one-man fund drive to build the hospital in 1946. The decision resulted from a promise he made in the late '30s when he was destitute and had no prospects for employment. Thomas recalls:

"On my way home I visited a Catholic church and read a pamphlet about St. Jude, who has often been called the forgotten apostle and the patron saint of the hopeless.

"Help me find my place in life, I prayed, and I will build you a shrine. The next day a telegram offered me a $75 job, not in a factory, but as a player in a radio commercial.

"It was wonderful. More jobs followed. I prospered and so did my dreams."

The hospital, Thomas explains, provides free care for underprivileged children of all races and creeds who suffer from catastrophic diseases, particularly blood maladies like leukemia. The hospital staff also does research in the causes of such diseases.

Thomas begins his next appearance at Harrah's Tahoe, on July 18.

Prices in this ad effective today through Sunday, July 14th.

Holiday Act Seen As Aid To Economy

WASHINGTON — Sen. Alan Bible has said the Monday Holiday Act signed by the president will substantially benefit the economy of Nevada and other states which rely heavily on tourism.

"We can anticipate Nevada will become even more of a tourist attraction when three-day holiday weekends become the rule rather than the exception," Bible declared. "The result will be a tremendous boost in our economy."

The act, co-sponsored by Bible, provides for uniform Monday observance of four holidays, begining in 1971. These include:

– Washington's Birthday (currently Feb. 22), to be observed on the third Monday in February.

– Memorial Day (currently May 30), to be observed on the last Monday in May.

– Veterans Day (currently Nov. 11), to be observed on the fourth Monday in October.

– Columbus Day (newly-established national holiday), to be observed on the second Monday in October.

Since Labor Day is already observed on a Monday — the first in September — Bible said the new law establishes five legal three-day holiday weekends.

Nevada's senior senator noted the change will have no effect on New Year's Day, Independence Day, Thanksgiving Day and Christmas Day.

"These occasions have special meaning for all Americans, and Congress, quite properly, made no effort to include them in the bill," Bible said.

The legal effect of the law, Bible added, is limited to the Federal Government. However, he predicted most states will enact consistent legislation.

"This is why the law will not take effect until 1971," he added. "By that time, Nevada and all other states will have had time to act, if they so choose.

"Americans today have more leisure time than ever before, and the work week will become progressively shorter in the years ahead. The new law will enable millions of families to use this time effectively in pursuit of worthwhile activities."

Meditation Course Set

Maharishi Mahesh Yogi, internationally known teacher of transcendental meditation, will conduct a one-month course for students at Squaw Valley, from Aug. 4-30.

Five hundred college students from the U.S., Canada, and Europe will gather to take the leadership training course sponsored by the Students' International Meditation Society.

Currently, over 12,000 students in the United States are practicing transcendental meditation as taught by Maharishi.

Centers of the Students' International Meditation Society are established at over 80 colleges and universities throughout the country, including Yale University, Boston University, and the University of California campuses.

The purpose of the course, says Maharishi, is to provide the students with a deeper understanding of the philosophy and technique of transcendental meditation and train them to lecture and organize SIMS centers in their areas. The course program includes twice-daily meetings with Maharishi, meditation, lecture writing and practice, and recreation.

Fish-Game Confab Under Way In Reno

The 48th annual Conference of the Western Association of Fish and Game commissioners is being held in Reno's Pioneer Theater Auditorium July 9–11.

The association comprised of the 13 western states and two Canadian provinces, is expected to draw 600 delegates from state, federal and private conservation agencies.

Sen. Alan Bible will deliver the conference keynote address entitled, "How Conservationists Can Improve Their Effectiveness with Congress."

Topics of interest to be discussed during the conference include: "The New Look in Preditor Control," by a panel consisting of A. Starker Leopold, Advisory Board for Wildlife Game Management, Dr. Robt. Broadbent, Nevada Fish and Game commissioner, and others representing the Sierra Club, National Woolgrowers Association, and the Bureau of Sports Fisheries and Wildlife, Division of Wildlife Services.

A subject of considerable interest throughout the public land states of the west is federal authority in the states regarding wildlife, water and lands.

Panel members and experts in their chosen field, presenting views on stage rights versus federal authority include Walter Shannon, director, California Fish and Game Department, Phil Schneider, director, Oregon State Game Commission, Tom Kimball, executive director, National Wildlife Federation, Richard Dewsnup, attorney, Delta, Utah.

Several panels are being conducted on mule deer management in the western states, fisheries problems and management wildlife law enforcement, information and conservation education, hunter safety training, and many other subjects of interest to our outdoorsmen throughout the west.

The Western Conference begins each day at 9 a.m. with general sessions lasting until noon. Technical sessions in fisheries, game, law enforcement, information and education, and hunter safety will begin at 1 p.m. each day.

The general conference and technical sessions are open to the public and all interested persons are urged to attend.

Baltimore Tries To Save 'Babe's Home'

BALTIMORE, Md. – Babe Ruth's home town has launched a 50–state drive to preserve the baseball immortal's birthplace, located in a group of houses otherwise condemned for demolition.

The Babe was born on Feb. 6, 1895, in a three–story, red–brick row house at 216 Emory St., Baltimore, and christened, George Herman Ruth.

Mayor Thomas J. D'Alesandro III announced that a committee he appointed on the Babe's 73rd birthday last winter had designed and minted special commemorative bronze coins, which are now being made available to fans of all ages who contribute $1 or more to the birthplace restoration fund.

A limited quantity of the coins has been minted in sterling silver and these will be forwarded to persons sending a contribution of $100 or more. All contributions to the Babe Ruth Shrine will be tax deductible.

Funds raised by the Mayor's committee, headed by Charles P. McCormick, Baltimore civic leader, and Jack Dunn III, vice president, Baltimore Orioles, will be used to convert the small brick home and the three connecting houses into a national shrine and museum in the Babe's honor, Mayor D'Alesandro said.

The coins, the size of a silver dollar, can be obtained by writing to:

Batter's Box, Baltimore, Maryland (21203).

Equitable Trust Co., Baltimore, will process each request and its computer services will speed delivery of the coins to donors, the Mayor said.

On the obverse of the coin, designed by Bob Grams, Baltimore cartoonist, is a drawing of The Babe in his famous swinging stance and two of his many career records – 714 lifetime home runs and a .342 career batting average.

Johnson-- Improve The Fish Act

WASHINGTON, D.C. – Congressman Harold T. (Bizz) Johnson, representing the Second (mountain–valley counties) District, has called on the Congress to improve the Anadromous Fish Act of 1965.

The original legislation, which was co–sponsored by the veteran representative, provided federal assistance for the development of the salmon, steelhead and other fishery resources in major watersheds such as the Sacramento River.

Congressman Johnson pointed out that the original bill was the result of comprehensive studies first initiated by him and the late Congressman Clem Miller, nearly 10 years ago.

"In California and in many other states, state matching funds for each specific project must be budgeted as much as 18 months in advance of the federal appropriation," Congressman Johnson testified before the Merchant Marine and Fisheries Committee.

"The Legislature usually is most reluctant to appropriate state matching funds when there is no assurance that the Federal Government will approve the specific project when submitted." Under California law," Johnson continued, "obligating the state by agreement with the Federal Government is not possible unless the state matching funds have been appropriated.

As a result, on those projects which have to be specifically budgeted, the current federal appropriations cannot be obtained," he said.

Cutthroats' Eggs A-Plenty At Marlette

Fisheries personnel of the Nevada Fish and Game Commission have completed the annual spawn taking project at Marlette Lake where 300,000 cutthroat eggs were obtained.

State–owned Marlette Lake has served as a source of cutthroat trout eggs during the past two years. This year's egg take at Marlette fell short of last year, however. About 700,000 cutthroat eggs were obtained at Catnip Lake in northern Humboldt County to bring the 1968 take to one million.

Almost 110,000 of the cutthroat eggs were delivered to the federally operated Lahontan Hatchery near Minden for hatching and rearing.

Is Channel Catfish Good? —Ask Any Fish Eater . . .

Serious fish eaters generally agree it is doubtful that any fish fare can top the channel catfish when it comes to succulent, flavorful eating, according to the Zebco folks.

WORLD RECORD: Santee Cooper Reservoir, in South Carolina, yielded a 58-pounder in 1964.

RANGE: Virtually from the Rockies to the east coast, especially the Mississippi River system.

HABITAT: Deeper holes during daylight hours, moving into shallows at night.

LURES: Anything current from elm tree seeds to catalpa worms; also shrimp, worms, minnows, liver, etc.

TACKLE: Because channel catfish are strong fighters, best are sturdy outfits like Zebco's No. 4790 and No. 8100 combos.

FISHING TIP: First off, fish at night for the bigger channel catfish. Ideally, just after a rain and during a rise in a stream.

Desert Bighorn Sheep Find Brand New Home

Six desert bighorn sheep are now at home in the recently constructed 1200-acre enclosure on Mt. Grant near Hawthorne according to the Nevada Fish and Game Commission.

The desert or Nelson's bighorn were obtained from the sheep refuge in southern Nevada.

One ram, two ewes and one lamb were released initially and were followed by an additional plant of two ewes two weeks later. More Desert Bighorn will be added as they become available from the Southern Nevada Refuge.

The bighorn sheep trapping and transplanting program is designed to reestablish bighorn populations in areas of the state where bighorn were known to exist.

The progeny of the Mt. Grant brood stock will be released into suitable areas as determined through surveys already completed.

SIERRA FIELD AND STREAM

BY THE FRIENDLY OLD GAME WARDEN

We are indebted to Len Hoskins, one of our FOGWs from Elko, for the following. We've paraphrased it a bit to bring it to date, but basically the article is his.

In the wake of the tragic shootings of past weeks, the nation is being bombarded with another barrage of anti-gun propaganda.

The papers have been full of anti-gun editorials, syndicated columns and letters to the editors.

Most of the sentiment is to the effect that the additional restrictions on sale of handguns passed by Congress in the anti-crime bill a few weeks ago should also apply to shotguns and rifles.

One columnist even advocated the government taking all weapons away from the private citizen since food no longer need be obtained through hunting and since an individual certainly should not keep a firearm to defend his home or property.

After all, that protection is provided for by the police.

While we all view with horror murder in any form, we should face the fact that assassination is not something new. I seem to recall that Julius Caesar was done in with a knife.

I understand that food tasters were used by most medieval monarchs as a precaution against poison administered in their own kitchens. Archduke Ferdinand's assassination with a bomb brought on World War I.

It is not realistic to believe that universal gun registration will cause all men to love one another. Nor is it realistic to believe that the criminal or lunatic element in the population will meekly turn in their guns upon request. Nor can I accept the premise that butcher knives, ice picks, high-heeled shoes, baseball bats, or broken bottles will become less lethal with registration of firearms.

Obviously, we have a crime problem in the country. The rates for auto theft, muggings, and burglary have gone up alarmingly along with that for aggravated assault and homicide.

This writer believes that we have a criminal element within our society which will continue to operate and perhaps more boldly if the private citizen is disarmed by a well-meaning government.

I also believe that our law enforcement agencies need to be strengthened and need to be backed up by a citizenry with an awareness of and a respect for the laws already on the books.

I am deeply disturbed that our society continues to attempt to treat symptoms rather than to go to the root of the problem, which is the criminal himself.

– – –

It's that time of the year again when well-meaning but misguided people begin "rescuing orphan fawns." This has already happened in the Reno area this year and fish and game personnel are stuck with the unhappy task of attempting to rear a fawn which is now ruined as far as being a wild animal is concerned, but will never be a safe pet.

We realize that a fawn is cute and appealing. However, taking a fawn from the wild is not only cruel but it's also illegal. Many of them die in the first week while those that survive become a nuisance of the worst sort. It's likely that not one out of 50 is an orphan.

However, the doe will certainly make herself scarce when you are around molesting her fawn. If you can't resist temptation, then please be forewarned. We'll bring our citation book along when we check out any incidents of this kind.

– – –

FIELD NOTES:

Lahontan – probably the best local bet now. Good for both crappies and white catfish. White bass, too.

Truckee River – not bad for planters, but not many fishermen.

East and West Walker rivers – fair to good, but again not many anglers.

Tracy Ponds – we've checked some good catfish here, recently.

Scripps Management Area – closed portion – it's okay to go in this area now, but no fires allowed.

Snow partridge and Tinamou – hold off for a while before visiting the Mason Valley Management Area to see the birds – the Tinamou are still laying, 'tho' the snow partridges are all through.

Summer Is Critical Time For Lawn Care

Summer is the critical time in the care of the lawn.

In most parts of the country it's during June, July, August and early September when weeds seemingly run out of control, lack of rain combined with hot weather causes grass to wither or go dormand and insects and disease cause extensive damage.

Fortunately, however, with modern fertilizers, chemicals and lawn care equipment, these problems can be easily avoided and a strong, healthy, good-looking lawn maintained with the expenditure of just a few minutes effort each week.

Lawn care experts at Melnor Industries, manufacturers of sprinklers and garden care aids, point out that frequent mowings—leaving short clippings—are preferable during the summer.

Mowing infrequently and taking too much of the grass blades off at one time is a shock to grass and invites lawn diseases. Also, mowing so clippings are short usually eliminates the need for sweeping or picking them up. And when they're allowed to remain they return organic material to the soil.

A light feeding of a balanced fertilizer early in the season is desirable to help the lawn withstand the strains of summer sun and drought.

If homeowners failed to take preventive measures against weeds—and crabgrass—in the spring, they may find them growing vigorously and sprouting all over the lawn, especially in late summer.

However, they are fairly easy to kill with selective chemicals. It is important to dispose of them before they go to seed and develop into even more difficult and widespread problems the following year.

Proper watering is very important in the summer, experts explain, for it takes a relatively short period of hot, dry weather to take its toll of improperly watered grasses. Some grasses go dormant in summer and require additional watering to remain green.

The objective of watering is to soak the soil down to the root zone—at least 6 inches—but only as frequently as necessary. Many light sprinklings encourage weeds and shallow root growth.

Soil type determines how much water should be applied. Sandy soils absorb water more quickly and retain less than do clay or loamy soils. A rule of thumb is to apply 1/2 inch of water on sandy soils and from 1 to 1-1/2 inches on clay or loamy soils.

The condition of the grass will indicate when to water. If it has a bluish haze, shows footprints and doesn't spring back when it is walked on, get out the sprinkler. If possible, apply water early in the day. Grass that stays wet through the night is more susceptible to disease.

Power Firm Takes Over Territory

RENO — Sierra Pacific Power Co. has taken over operation of the Truckee-Carson Irrigation District's electric system following last-minute approval of a long-term lease by the Federal Power Commission.

A battery of more than a dozen meter readers moved into the territory surrounding Fallon to simplify the changeover on the books of the utility and 2,300 TCID customers were informed by mail of the Sierra Pacific takeover.

District voters approved the lease Jan. 30 overwhelmingly, including the condition that the lower of TCID or Sierra Pacific rates would be in effect for at least three years. Customers affected are in Washoe, Lyon, Storey and Churchill Counties.

In addition to acquiring retail electric customers, Sierra Pacific has a 30-year lease on two hydroelectric generating stations at Lahontan Reservoir, a diesel electric station and all the district's transmission and distribution facilities. The district remains the official operator and manager of all water facilities of the Newlands Project.

To facilitate the integration of the two systems, Sierra Pacific is purchasing a gas-fired diesel generating plant recently acquired by the district and TCID's electric department office equipment, transportation equipment and materials and supplies.

Symphony Scheduled At State Exposition

SACRAMENTO – The Royal Philharmonic Orchestra of London will present a "Symphony under the Stars" at The California Exposition in Sacramento on the evening of July 20.

In its only Northern California appearance, the Royal Philharmonic promises an unusual performance in front of the new Exposition grandstand.

The concert begins at 8:30 p.m.

Conducted by the distinguished Antal Dorati, the Royal Philharmonic will perform from a special stage elevated 20 feet from the grandstand apron.

Piano soloist is Menahem Pressler.

The concert is offered as part of the orchestra's summer "festival tour" of the United States and Canada, under management of American impresario Sherman Pitluck.

The exclusive Northern California engagement is under the aegis of The California Exposition, in association with Bette Kaye, producer.

A total of 6,200 reserved seat tickets have been placed on sale for the event. They may be obtained at the Exposition's administration building box office, 1600 Exposition Blvd., Sacramento, or at numerous other outlets throughout the Sacramento area.

Tickets include all-day admission to the Exposition and are scaled from $3.50 to $5.

GOP Candidate School

WASHINGTON — Republican gubernatorial candidates and their key aides will gather in Chicago next week for a three-day campaign school that will stress the role of the candidate on television.

The Republican Governors Association, which comprises the 26 Republican governors, is sponsoring the campaign school. It will be run by specialists in all phases of campaign management organization and will be held at the Marriott Motor Hotel near O'Hare Airport on July 12, 13, and 14.

A review of some of the most successful state programs initiated by the 26 GOP governors will be given by Govs. James A. Rhodes of Ohio and Norbert T. Tiemann of Nebraska on Sunday at 2 p.m. The two governors are co-chairmen of the RGA's Campaign Committee.

"The RGA is bringing together these various experts to brief the candidates and their campaign managers on some of the most sophisticated political techniques used in campaigning," it was reported by Rhode Island Gov. John H. Chafee, chairman of the RGA.

Gubernatorial races are set in 21 states this November—13 of these states now have Democratic governors and eight have Republicans. The Republicans expect to retain the eight Republican governorships.

Ponderosa Ranch Of 'Bonanza' TV Fame

Situated in Incline Village on Tahoe Boulevard, the Ponderosa Ranch occupies almost exactly the site depicted in the famous "burning map" seen each week on television's Bonanza.

Designed for family fun, the Ponderosa recreates the Old West of the magnificent Sierra Nevada. Featuring the incomparable Ranch House home of the Cartwright family, the Ranch also provides in its amusement area and Western Town rides, exhibits, stores and restaurant facilities insuring a memorable visit.

Horseback riding is superb. Miles of scenic trails overlooking Lake Tahoe provide a once-in-a-lifetime opportunity to ride the Mighty Ponderosa. In addition, Ponderosa Ranchhands are ready to welcome individuals or groups on their fabulous breakfast rides, hayrides & barbecues.

Ben, Hoss and Little Joe extend a cordial invitation to all their friends to pay a visit. The Ranch is open daily 9:00 A.M. to 5:00 P.M. Admission $1.00 for adults, 50c for children. Write P. O. Box 18, Incline Village, Nevada 89450 or phone (702) 831-0691 for information.

"Vive Les Girls" Continues To Wow 'Em At North Tahoe's Venerable Nevada Lodge

It's time for music, laughter and beautiful girls at North Lake Tahoe's Nevada Lodge, as the exciting continental revue "Vive Les Girls" enters its third week of a summer-long engagement.

The show is everything the name implies—"Girls, girls"—in daring production numbers and graced with some of the most imaginative costuming ever seen. Producer Frederic Apcar has been successful in gathering together a fascinating array of talented performers — this year starring singer Grant Griffin, and featuring songstress Line Turner, backed by some of the most strikingly beautiful showgirls ever to appear at North Lake Tahoe.

Grant Griffin is possessor of a powerful lyric baritone voice and a stage presence reminiscent of the late Mario Lanza. With the tremendous quality of an operatic baritone and the unerring finesse of a seasoned club performer, Griffin has impressed audiences throughout the nation with his magnetic power.

Producer Apcar was able to obtain Griffin after his successful engagements at the Dunes Hotel in Las Vegas. Griffin has also been a frequent guest on the Joey Bishop television show.

He has caught the attention of show buffs across the nation through his musical comedy costarring roles, appearing with such stars as Shirley Jones, Jane Powell and Hans Conried.

"Vive Les Girls" is staged nightly in Nevada Lodge's Topaz Room. Other featured performers are comic Beryl Williams and magician Ken Alan. Lovely Joan Pelethorpe is the lead dancer, with Ron Watson as her male counterpart; their daring dance interpretations are a highlight of Apcar's production.

In addition to the lavish "Vive Les Girls" production, Nevada Lodge also presents continuous dusk-til-dawn lounge entertainment. Closing Tuesday night is the Link Trio. From Tuesday on, the spotlight will be shared by the Three Cleffs and Mercers Merry Madcaps.

VIVE LES GIRLS – Frederic Apcar's all-new 1968 "Vive Les Girls" revue is sparking at North Lake Tahoe's Nevada Lodge – featuring exotic showgirls such as LaVerne Courteau, pictured above.

Skating Rink Sold, Moved

A $250,000 outdoor ice skating rink has been purchased by El Dorado County for the city of South Lake Tahoe, on the condition that the poor of the county benefit.

The government surplus rink, stored at Squaw Valley since the 1960 Winter Olympics, will be placed in the recreation park area at the El Dorado County campground and poverty program participants will be employed to disassemble, transport and reassemble the rink, plus having first priority for permanent jobs at the rink.

Special privileges will be offered to children of low-income families.

Employes Raise Fund For Children

CARSON CITY — State employes have raised $455 for four children whose parents and sister and brother were killed in a car-truck crash a month ago near Spooner Summit.

Several Carson City women are donating their time to the children at Carson-Tahoe Hospital here. A nurse said the youngsters kept crying for their dead mother.

They are David, 8; Nancy, 7; Ann Frances, 3; and Jonathan Linder, 6 months. The family was with the father, Coast Guard Lt. Charles A. Linder, en route to a California assignment, when the accident occurred.

Chamber Pot-Shots

by Betty Layton

If you take a double-take this weekend and see fifty beautifully-groomed antique cars, you will be seeing right because they will be headquartering at the Northshore Club. However, they will tour around the lake on Saturday, dine at Sunnyside and live it up with entertainment at the River Ranch after-

On Sunday they will be guests of Incline Village, Inc., at the Chataux.

The Chamber, with the help of the Tahoe City Women's Club, assembled welcome kits and are grateful that they chose beautiful North Shore to hold their conclave. In the future, we shall hope to get out the brass band to greet them.

Chamber membership and board of directors meeting: July 17, Wednesday noon, Buckhorn Inn, Kings Beach; luncheon $1.50 (incl. tax and tip). All members and guests welcome.

Advisory committee of Tahoe State Parks will meet on July 16, Tuesday evening, 8 p.m., at the Community Center Building (upstairs), Tahoe City. All members are urged to attend. Guests welcome. A report and recommendation for a theme for the Interpretative Center at Sugar Pine Point Park, will be given from the Committee. Members are: Lillian Farr, chairman, Dick Read, Bill Bechdolt and Mrs. Ken Smith from the South Shore as well as Dave Stollery, president of the Advisory Committee.

Fourth of July wrap-up: Undoubtedly, there were more cars and tourists in the North Lake Tahoe area than ever before. We appreciated the services of the California Automobile Club in San Francisco with their many direct phone calls to us. We kept them apprised of the motel vacancies, activities, traffic, campgrounds, etc., within our area. The Auto Club made spot announcements over the radio throughout the holidays with their up-to-the-minute information, which served us very well.

The greatest bargain for the visitor or resident in the area is our $30-value thrifty script books on sale for $1 at the Chamber office or at our many Chamber-member motels, as well as at many businesses throughout the North and West Shores. Reductions are given (with one of the coupons) on horseback rides, boat rides, cruises on the lake, ice skating show every Wednesday night at Squaw Valley, movie, teenage dances, airplane and seaplane rides, golf and many free drinks offered from some of our finest restaurants. Thanks to our volunteers for assemblying these coupons for us: The Bob Scott family, Don Heningers and De-Anne Metz with helpers.

July 23 is the date set for the hearing on the North Lake Tahoe Chamber of Commerce request for promotional dollars directly from the Board of Supervisors in Auburn. Many of our directors and our representatives, Ben Ferrari, Tim Sullivan, Ralph Rauscher and Bill McCreary, will attend the Supervisor's hearing.

For one week, July 14-21, the United States Chamber of Commerce sponsors a Western Institute for Chamber Managers at the University of Santa Clara. Chambers managers learn more on the art of their profession. North Lake Tahoe Chamber Manager, for the third year, will be doing some brain-stretching in the concentrated classes.

GRANT GRIFFIN – Lyric baritone Grant Griffin stars in the all-new Frederic Apcar production of "Vive Les Girls" – now being staged nightly at North Lake Tahoe's Nevada Lodge.

Donations Requested

Donations of every kind from clothing to grandma's washboard are needed for the Tahoe Squaws Thieve's Market to be held on Aug. 23 and 24 at the Tahoe Lake Elementary School.

Drop stations for the articles are at the homes of: Jean Van Wetter, 583-3842, Ruth Lee Pilley, 583-4111, Vivian Davis, 583-4361 and Norma Wilson, 546-3594. Co-chairmen for the event are Pat Gregor and Pat Leeder.

All profits are used for school scholarships and for school improvements.

Pace Visitors

Mr. and Mrs. Anthony Pace of Truckee are hosts to their daughter, Mrs. Bud Arnold of Santa Rosa who arrived to join her parents in celebration of Mrs. Pace's birthdate July 8. The family also attended a wedding at the Palisades on that date.

Open Competitive Art Festival For Reno

Artists and artisans of Nevada, California, or wherever, are invited to participate in an all-around competitive summer arts festival, Aug. 22, 23, and 24, to be held at the Park Lane Centre mall, East Plumb Lane and South Virginia Street.

This will be a two-part art show, with ribbons and $400 n cash awarded in five categories, to be exhibited in the International Pavilion. Entries: two per artist. Entry fee: $1 per entry, delivered by hand.

Judges for the competitive event will be Mr. Bud Pisarek, publisher of West Art Magazine, and Mr. Darrel Forney, art instructor at Sacramento City College.

At the same time, there will be a sidewalk display of all types of original art work, set up by individual artists or by art groups, for exhibit and sale. Ribbons and prizes given for best displays and art in action. No entry fee for sidewalk space.

Artists or artisans may enter the judged and competitive part of the art exhibit, or the sidewalk displays, or both. Artists and craftsmen outside the Reno area are especially urged to attend and participate in both phases of the art show.

Details mailed upon request. Write to: Mr. Doug James, Promotion Director, Park Lane Centre, 310 East Plumb Lane, Reno, Nevada 89502, phone (702) 786-5044.

New Art Movement Idea

Our major cities provide many fine art museums, which hold special exhibits of the most priceless paintings and sculpture in the world for the benefit of all.

But trouble is, points out the National Automobile Club, that all can't travel to the big city. Citizens of small communities often don't have the time to undertake the long journey involved. So, unfortunately, they're missing out on valuable experiences. How to overcome this problem? With a new "movement" in art.

In 1953, the Virginia Museum of Fine Arts came up with such a solution. Why not bring culture to those people who seem unable to reach out for it themselves? Consequently, the museum devised a wheeled collection of renowned art, a truck-trailer combination with the trailer's flexibility allowing for custom-designed display space. And it has a descriptive name too: Artmobile One.

For nine years this proved to be the only known vehicle of its kind on the road. Toward the end of that period, however, the Virginia Museum no longer remained satisfied, desired a bigger and more elaborate trailer. Thus the birth of Artmobile Two, one of the largest display vehicles in the world, being 54 feet long by 10 feet wide.

Picturesque in itself, Artmobile Two impresses many as the miniature replica of an elegant art gallery, having elaborate frames for paintings set against fabric-covered walls. Another feature of interest lies in its offset doorways flanked by Grecian columns, which divide the van's length into smaller, almost private galleries.

In 1964, the Detroit Institute of Art decided to follow suit with its own version of the artmobile, its 50-foot wheeled collection having much the same arrangement as the Virginia Artmobile Two, but not as formal. In fact, its designers conceived it to carry a larger selection of art work, leaving room for as many as 35 masterpieces on pegboard panels.

During the season of its debut, the Detroit Artmobile welcomed 125,000 visitors, reports NAC, and right near their own doorsteps.

For the comfort of visitors, but mainly to protect the valuable paintings, this artmobile is so engineered that it keeps to a constant temperature of 70 degrees, a humidity between 45 and 55 percent.

For added safety, a fire wall at the front of the trailer separates the display area from the equipment room.

What also adds to the quality of the engineering in both the Detroit Artmobile and the Virginia Artmobile Two is the fact that each carries its own power generator, thereby remaining totally independent of outside power sources.

Such artmobiles as these constitute our new "movement" in art.

"Belles And Bows Of '68" Continues Talent Search

Producer Pat Vanni announced this week that sign-ups for "Belles & Bows of '68," Third Edition, are coming in nicely. It is not too late to let the following people know of local talent and interest in the Elks - Emblems Variety Show scheduled for the Squaw Valley Theatre on October 18 & 19, October 25 & 26.

Dance group directors, Myrtle Carnell, Sharon Dwyer; musical group director, Phyllis Gardner (chorus); skits, specialty numbers, Dave Stollery and Dale Freeland; stage manager, Wayne Hopkins, costumes, Sophie Levra, Jean Little, Alice Hall; make-up, Peggy Adams and Lila Hyde; business manager, Bill Zeibig.

There are rumors a "Barbershop Quartet" is forming around Bernie Mebdonca, so anyone having a good male singing voice let him know.

Rehearsals are scheduled to begin soon.

Working Class Grateful Dead

The Grateful Dead along with the Working Class will be appearing at the Kings Beach Bowl dance on July 12 and 13 from 9 p.m. to 1 a.m. A light show will also be presented featuring the Simultaneous Avalanche.

Odds Against Jaywalkers

Compulsive gamblers at heart, those pedestrians who try to beat the odds generally lose.

Eight times as many pedestrians, according to the National Automobile Club, get killed crossing between intersections than get killed crossing at intersections controlled by traffic signals.

And twice as many pedestrians get hurt jaywalking than get hurt sticking to such controlled intersections.

Maharishi Coming To Squaw Valley

Maharishi Mahesh Yogi, internationally known teacher of Transcendental Meditation, will conduct a one-month course for students at Squaw Valley, California August 4-30.

Five hundred college students from the U.S., Canada, and Europe will gather to take the leadership training course sponsored by the Students' International Meditation Society.

Currently, over 12,000 students in the United States are practicing Transcendental Meditation as taught by Maharishi. Those who start the technique find that they immediately begin to experience increasing energy, expanding intellectual and creative capacity, and newfound strength to meet the challenges and responsibilities to today's society. Centers of the Students' International Meditation Society are established at over 80 colleges and universities throughout the country, including Yale University, Boston University, and the University of California campuses.

The purpose of the course, says Maharishi, is to provide the students with a deeper understanding of the philosophy and technique of Transcendental Meditation and train them to lecture and organize SIMS centers in their areas. The course program includes twice-daily meetings with Maharishi, meditation, lecture writing and practice, and recreation.

Maharishi has held many similar residence courses throughout the world since 1960. Currently he is completing the training of 25 meditation teachers at the International Academy of Meditation in India, and will conduct five short courses in Europe before coming to Squaw Valley.

Recently, the Institute for College Student Personnel Workers invited Maharishi to conduct the June 16-17 session of their month-long annual meeting held at Michigan State University, Lansing. Under a grant from the U.S. office of Education, the Institute explores means of creating a better climate between college students and their administrators. The 60 deans of participating universities and college in 35 states were enthusiastic about the possibilities of Transcendental Meditation as a supplement to education.

The Students' International Meditation Society holds frequent courses for leadership training. The most recent was held at Asilomar Conference Grounds, Pacific Grove, California. Over 300 students attended the four-day course last December, conducted by Jerry Jarvis, director of S.I.M.S. Similar arrangements for 450 students have been made with Asilomar for December 1968.

Immediately following the SIMS Leadership Course at Squaw Valley, Maharishi will return to India to travel extensively setting up centers of meditation in major universities and cities. Although Maharishi plans to remain in India after the end of 1968, he will continue to conduct three-month teacher training courses at his Academy of Meditation in the Himalayas. The fourth such international course is scheduled to begin in late January 1969.

Funny Frankie Fanelli Opens Tonight At Crystal Bay Club's Stage Lounge

The big Stage Lounge of North Lake Tahoe's Crystal Bay Club is currently breaking the laugh barrier, as the fantastically funny Jets cut crazy capers for a wild evening of madcap merriment.

This frenetic threesome is truly one of the finest, most versatile acts in show business, and this no doubt accounts for season-after-season headline appearances at the Crystal Bay Club. Ronnie Cola keeps the audience convulsed with riotous laughter. His fast-talking patter, superb timing and inexhaustible store of side-splitting gags make for a fast paced show that never has a dull moment. Bobby Geno, one of the nation's most gifted musicians, is there with his plaintive guitar, holding listeners spellbound. Chuck Arnold, the Jets' amiable emcee, also plays the long-suffering straight man to the irrepressible Ronnie Cola.

There's top notch entertainment for every taste during the Jets act at the Crystal Bay Club.

Sharing the Crystal Bay Club's entertainment spotlight is the highly talented Frankie Fanelli, whose golden voice has thrilled millions of music lovers via TV, radio and films. Frankie is always at home when he's on stage at the Crystal Bay Club. Every season, patrons swarm in to see and hear this handsome young entertainer, and his fans in the area number way up into the thousands.

In addition, the Crystal Bay Club is also featuring the famous Charles Gould and his Satin Strings, who charm patrons as they stroll and play for diners in the Crystal Steak House and the Crystal Dining Room, from 8 p.m. till 2 a.m. nightly.

The Jets and Frankie Fanelli appear nightly in the Stage Lounge of the Crystal Bay Club, on the North Shore of Lake Tahoe.

FRANKIE FANELLI – Star of stage, television and top recordings is scheduled to open July 10 in the Stage Lounge at the Crystal Bay Club on the north shore of Lake Tahoe. Here Frankie is seen when he appeared on the Ed Sullivan Show.

New Name In Effect

A new name, Incline Village Inc., has been adopted by the Crystal Bay Development Co., developer of this 9,000-acre all-year recreation community on the north shore of Lake Tahoe.

Donald C. Marek, vice president and manager of the development since it was taken over June 4, made the announcement for the new owners, the United States Land Co., subsidiary of the Boise Cascade Corp.

The name change clears up confusion caused by the nearby community of Crystal Bay, Nev., an area which features Cal-Neva, Crystal Bay Club, Nevada Lodge and North Shore Club. The new corporate name assumes the identity of the community it fosters.

AFTERMATH OF A SUCCESSFUL PARTY – Mr. and Mrs. James Luescher, far left and second from right, of the Garni Motel, join with Ray Plunkett, second from left, General Manager, and H.E. McCoskey, owner of North Lake Tahoe's Crystal Bay Club, is congratulating each other on the success of the lavish party they co-hosted recently in honor of the Bonanza TV series cast and crew. Almost 200 guests attended the party, which was given in celebration of the completion of the new fall series, which has been in production in the area for several weeks.

Sierra Nevada Auto Racing

T-Car Speedway, July 4 — Last night's "Firecracker Fifties" at this high-banked, asphalt 1/3-mile oval were a resounding success -- so much so that it's possible the event will now become an annual event sanctioned by Sierra-Nevada Auto Racing Association and promoted by Ted Walker.

Modified driver Chuck "Good Ol' Charlie Brown" Kirschenman, a Reno meat-cutter, showed the fast field the rear of his gold and green #17, taking over from Tom Silsby in the final laps of their 50-lapper. Silsby was second with Ron Gautsche of Truckee third.

Official winner of the Early/Late Stock half-century go was delayed until the event could be re-capped by Scorer Betty Causey, with the checkered flag winner to be announced later.

Ninety-nine-dollar Limited Stock "2nd Annual Gold Cup" trophy will be awarded Saturday night, after so many spins and wrecks made it virtually impossible to decide upon the winner Wednesday night. The beautiful trophy, donated by Scottie's Pancake House in Carson City, will be awarded preceding the Limited Stock main event Saturday night, July 6.

Fans of Harry Causey, 1966 and 1967 Super-Modified Champion, will be happy to know that his new ride will be ready shortly. Since the disappearance of "Supers" due to the high cost of maintenance, "Hurryin' Harry" has been working as a Board Member At-Large, doing all he can to aid in putting on the racing programs at Reno Speedway and T-Car Speedway. Now, however, he'll be back in the thick of things, with a brand-new Modified built by Jim Owen of Carson City — a twin to the car that holds the track record of 13.51, the #98 whizzer that's driven by Tommy Silsby.

Some bad news was announced Wednesday night at T-Car, when it was made known that due to lack of financial backing, Reno Speedway will again be shut down, with no further racing at the fast 3/8-mile oval until further notice.

Donner Lake Sailing Club Regatta

The next event of the Donner Lake Sailing Club is open to all class boats July 13-14.

A skippers' meeting will be held at 11:30 a.m. on Ed Corum's pier on the south side of Donner Lake near the totem pole.

The first race should get under way at 1 p.m., the second at 3 p.m., and the third on Sunday at 1 p.m.

An installation dinner will be held Saturday evening after a no host cocktail hour at 6:30 p.m. at Donner Lake Lodge.
